Terra Linda Annex Fight Near Climax

Residents Decide Issue At Polls Tomorrow

The question of whether Terra Linda, with its approximately 4,000 residents, will be annexed to the City of San Rafael will be decided at the polls tomorrow.

A total of 1,955 persons are eligible to vote in the election. Only a simple majority of those voting is required to bring the 900 homes in the Terra Linda Community Services District, some 160 homes in Terra Linda Oaks 9 and 20 homes on Knocknaboul Way into San Rafael. Nine polling places will be open from 7 a.m. to 7 p.m., according to City Clerk W. L. Morgan. The precincts will be the same as in last November's general election.

POLLS LOCATION

The polls are located at 217 Orange Blossom Lane, 453 Hickory Lane, 696 Las Colindas Road, 650 Del Ganado Road, 840 Penny Royal Lane, 901 Las Ovejas Avenue, 666 Tarragon Drive, 685 Barberry Lane, and Bernard Hoffman School at 1111 Los Gallinas Avenue.

Morgan has given out 35 absentee ballots, which will be counted at the official canvass during the next regular city council meeting, March 20.

At that time, the council may approve the annexation by ordinance, submit it to the residents of San Rafael for a vote, or postpone until a later meeting.

If the Terra Lindans turn down annexation tomorrow, no new proceedings for annexation may be initiated for at least one year.

ROCKY ROAD

The Terra Linda annexation struggle has followed a rocky road to get to a popular vote since annexation proceedings were officially initiated last October.

At that time the city clerk received petitions bearing 517 signatures of Terra Linda residents asking annextion to the city.

Officially, the city has stayed neutral in he annexation dispute. Said Mayor John F. McInnis: "Since we had already taken in much of the Freitas Ranch lands, we felt obligated to offer an opportunity for the rest of the area to annex."

IN OPPOSITION

Directors of the Terra Linda Community Services District (which includes almost 90 per cent of the area proposed for annexation) and of the Terra Linda Recreational District, which was organized last Oct. 5, have opposed annexation to San Rafael at this time.

Dr. Michael J. Franzblau, president of the services district, declared the board is

Terra Linda Propaganda War Raging

A flood of propaganda washed over Terra Linda during the weekend as residents neared the day of decision on whether their community shall be annexed to San Rafael.

Lawns were littered and mailboxes stuffed with propaganda, pro and con. A 20-car anti-annexation parade yesterday featured umbrellas atop the cars with "No, No, No" cards hanging from their edges.

The propaganda handouts carried such designations as "Committee or Tax-Saving," "Taxpayer's Committee for Good Planning" and "Citizens for Terra Linda," all previously unheard of. And many of them failed to show any source whatever.

A dodger headed "Beware of the Big Give-Away" and bearing the name of Frank Farella, president, Citizens for Terra Linda, declared the cost of annexation to San Rafael would be equivalent to $180 per home, based on the Terra Linda Community Services District assets which would be turned over to the city.

The same dodged listed $809,735 spent by San Rafael on services which "would not benefit Terra Linda."

A "Check the Facts" pro-annexation dodger, with no name, alleged: "The political efforts of the Terra Linda CSD Board to reduce our tax for next year will leave the district in danger of being unable to meet its financial obligations ond responsibilities."

A special anti-annexation appeal to residents of Terra Linda Oaks No. 9 (which is not in the Terra Linda Community Services District), with the names of Catherine Branson and Jack Brandon, declared:

"As a part of the CSD you will be given street lighting as soon as possiblue. You will not have to wait until you are on the tax rolls, as you would if you were a part of San Rafael."

The pro-annexationists alleged in one handout that "the Terra Linda Park and Recreation District is independent

AILING LIZ DEVELOPS ANEMIA, GIVEN BLOOD

LONDON (AP)—Elizabeth Taylor, gravely ill with pneumonia, has developed anemia and is being given blood transfusions, her doctors reported tonight.

Dr. Carl Heinz Goldman, one of the actress' six-man medical team, said:

"We are a little worried about her today. Her blood is not very good. She is becoming anemic and we are giving her blood transfusions."

Dr. Goldman said the 29-year-old star is "still gravely ill." She was taken to the exclusive London clinic by ambulance Saturday night with staphylococcus pneumonia. An emergency tracheotomy was performed, placing a thin tube into her windpipe to ease her breathing.

Car Kills Man Crossing 101

An unemployed San Rafael laborer started to run across Highway 101 at the Mission Avenue off ramp last night and was struck and killed by an automobile.

William J. Conklin, 39, of 629 Mission Avenue, was pronounced dead on arrival at San Rafael General Hospital at 9:17 p.m.

He was the first pedestrian killed by a motor vehicle in San Rafael since December, 1957, when a man was run over by a road grader on Canal Street.

SIXTH DEATH

His death was the sixth in Marin County and second in San Rafael traffic this year. Last year at this time, there had been three traffic deaths in the county.

Driver of the car which hit Conklin was Jean Donald Etherling, 54, of Oakland. He told California Highway Patrolman Richard P. O'Brien that he was southbound at about 50 miles an hour, driving in the inside lane, when a man ran across the divider strip toward the Mission Avenue turnoff.

He hit his brakes, Ethering said, and swerved from the inside to the outside lane, then back to the inside lane where Conklin was struck head-on by his radiator. Conklin's body was hurled 75 feet and was found lying between the two lanes at the end of a 50-foot trail of blood.

LOST CONTROL

Ethering lost control of the car at the point of impact, he said. It stopped broadside across the northbound lanes of the highway.

Ethering was not cited. "There was no evidence of negligence," Officer O'Brien said. "The driver did everything he could to avoid the tragedy." Witnesses said Conklin was dressed in dark clothing and was almost impossible to see.

Ethering and his wife were en route to San Francisco.

Conklin apparently has no survivor in San Rafael. No one was at home last night or today at the Mission Avenue house. His father, William J. Conklin Sr., is a resident of Bremerton, Wash.

The body was taken to Harry M Williams Mortuary.

HIGHWAY LINES TO BE YELLOW

SACRAMENTO (AP) —The state announced plans today to paint almost all double white lines on California highways yellow this year.

Used for more than 20 years, the white lines will be changed to conform with new uniform federal standards.

Hospital Bill Amended By Assembly Unit

SACRAMENTO (AP) — An Assembly subcommittee today amended a bitterly debated bill to open hospital records. It decided that the names of both doctors and patients should be kept confidential.

The measure — which has touched off a controversy over the influence of the estimated 500 lobbyists in California's capital—will now be heard by the Assembly Public Health Committee on March 15.

The author, Assemblyman Ronald B. Cameron (D-Whittier), explained the need for the measure by citing the case of a hospital in Anaheim.

Civic leaders, he said, were "completely frustrated" when they attempted to find out who owned the hospital and whether it would serve the public interest.

At their request, Cameron said he tried to get the information from the Public Health Department but was told that it was confidential.

After the hearing, he identified the institution to newsmen as the Marin Luther Hospital.

The amendment, proposed by Assemblyman Sheridan Hegland (D-La Mesa), would permit the public to inspect applications, annual reports and other reports.

North Marin Residents Face Water Shortage

A serious water shortage right in the middle of the rainy season was revealed today by the North Marin Water District.

The district is purchasing water from the Marin Municipal Water District, according to Jerome P. Gilbert, district manager. Under an agreement made last Wednesday, Marin Municipal Water District will supply up to a half million gallons daily until April 15.

"We can meet only 70 per cent of the water requirements," Gilbert said, "so we look to other sources for water."

Gilbert said the district is studying the possible use of wells in the Novato area as another source of water of the Marin Municipal District cannot continue to supply the needed water.

"We also are studying a diversion pickup about a mile east of Stafford Dam," Gilbert said. "We would pump water from two small streams back to the treatment plant at the lake."

The district will try all of these methods of supplying the necessary water, before it imposes rationing, accoording to Gilbert.

The North Marin Water District and Sonoma County are constructing a pipeline to the Russian River which should be completed in December.

U.S. Alerts Navy Force To Help U.N. In Congo

U.N. Pulls Out Of Key Port

LEOPOLDVILLE (AP) — Weary United Nations soldiers laid down their arms and withdrew from the key Congo port of Matadi after 24 hours of bitter street fighting with Congolese soldiers, a U.N. spokesman reported today.

Negotiations are going on with the Congolese governmen to get a U.N. garrison back into the town. If these break down, the United Nations is empowered to use force as a last resort, the spokesman said.

TWO KILLED

Two Sudanese U.N. soldiers —of the 130-man garrison—are known to have been killed in the battle, which raged throughout Saturday and until noon yesterday. Thirteen other Sudanese were wounded. Twelve are missing.

A Canadian signal captain also is missing and the U.N. spokesman said their are grave fears for his safety.

Matadi is the Congo's principa supply port and without control there, the U.N. supply operation would be gravely endangered.

'COPTERS SEIZED

Trouble blew up in the hillside town 60 miles up the Congo River when Congolese units erected roadblocks to impede the movement of U.N. personnel. Two helicopters also were seized as they touched down at nearby Boma. That was on Friday.

Saturday the Congolese tried to dislodge an 11-man guard of U.N. Sudanese which had been thrown around a hillside villa used as a communications center by a Canadian signal unit.

The Congolese killed a Sudanese and wrecked the post.

A Canadian captain who went out to talk with the attacking Congolese was not seen again.

Vastly outnumbered and with their ammunition running low, the Canadian signal post and its Sudanese guards surrendered Saturday evening.

A five-man Danish movement control unit still is operating in the port and the Congolese have pledged not to interfere with U.N. stores stacked in Matadi's dockside warehouses.

Adlai, Gromyko Huddle On Congo Crisis

UNITED NATIONS, N.Y. (AP) —U.S. Ambassador Adlai E. Stevenson met today with President Kwame Nkrumah of Ghana and Soviet Foreign Minister Andrei Gromyko in separate talks on the Congo crisis.

The private talks were held in advance of tomorrow's resumed session of the U.N. General Assembly, where the Congo situation will be the leading issue.

Stevenson had a 90-minute breakfast session with Nkrumah and talked for one hour and 10 minutes with Gromyka.

There was no announcement on what specific proposals were discussed.

At noon, Secretary-General Dag Hammarskjold and Nkrumah conferred at U.N. headquarters.

Nkrumah will address the 99-nation assembly when it resumes its 15th session after an 11-week recess.

Hammarskjold discussed the latest Congo developments at an emergency meeting last night with his 18-nation advisory committee. He dispatched instructions to the U.N. command for urgent action, but U.N. officials would not disclose his plans.

The secretary-general sent to the Security Council a preliminary report on the fighting between Congolese and U.N. troops at the port cities of Banana and Matadi.

The report covered the U.N. withdrawal from Banana but was prepared before last night's evacuation of Matadi.

Won't Enter Fighting, State Dept. Pledges

WASHINGTON (UPI) — A small U.S. Navy task force carrying 500 battle-ready Marines has been diverted from a goodwill tour and dispatched toward the Congo to provide possible help to embattled United Nations troops, the State Department said today.

Department spokesman Lincoln White emphasized, however, that this country had no thought of sending American troops into the fighting that broke out over the weekend between U.N. soldiers and Congolese army units.

"The purpose is to exercise foresight and caution in case the U.N. calls on them," White said. He said the diversion of the ships had "no unilateral significance whatsoever." Defense officials said the U.S. force could be used to evacuate U.N. troops, transport personnel for the world organization or haul supplies.

The Marines could be used to "protect lives" during any evacuation, officials said.

The task force was on its way to South Africa for the 11th stop on a goodwill tour of African ports when the Navy ordered it yesterday to change course and steam toward the Congo. White said the ships would stop offshore "to be available in the event the U.N. may need them for further assistance."

At midday, the task force was 800 miles south of the Congo heading north at 10 knots. The Navy said the ships would reach waters near the Congo on Friday.

The task force consists of the destroyer Gearing, the landing ship Graham County, the landing ship Hermitage and the oiler Nespelin. Another destroyer in the group will continue to Capetown to pick up mail.

Weather Man Says More Rain Coming

A weekend storm dumped as much as 1.38 inches of rain on Marin County, and the Weather Man predicts more.

The forecast calls for partly cloudy skies tonight with occasional rain tomorrow.

Larkspur with 1.38 inches had the heaviest rainfall for the 48-hour period. San Rafael had .37 of an inch up to noon today.

Bolinas had .44 inch; Woodacre .62; San Anselmo .34; Belvedere .29; Sausalito .50; Mill Valley .50; Tamalpais Valley .66; Novato .26, and Muir Woods .37.

Although rainfall generally is less this year than last year, Tamalpais Valley had 18.53 inches this date last year and 18.17 inches to date this year. Belvedere had 14.61 inches this date last year and has 12.89 inches to date this year.

The rain fell over most of California north of Los Angeles. None was reported from Los Angeles to San Diego.

Snow flurries were reported in the mountains. Eight inches of new snow fell at Blue Canyon in Placer County. More snow was forecast for tonight.

The five-day forecast through Saturday said occasional rain is expected in Northern California around midweek and possibly again at the weekend.

Spanish-Style Hotel Planned In Sausalito

Vina del Mar Inn, a $750,000 hotel, is proposed to be built on Bridgeway in Sausalito just north of the Village Fair, Sol Langsam and Bradford McNutt announced today.

The hotel, to be named after the city's sister city of Vina Del Mar, Chile, would be Spanish in style and "in keeping with the waterfront" said Langsam, Sausalito real estate broker. It would contain 49 rooms.

A special feature would be a 4,000-square-foot park behind the building to be used by hotel patrons and all Sausalito residents, Langsam said. Entrance to the park would be from Bulkley Avenue.

McNutt, Tiburon developer, said the hotel is to be built by Douglas Lange Corp. of Berkeley. There are plans for a swimming pool and cabanas. Parking, to accommodate 48 cars, will be on two floors, one below and one above ground. Architect is Edmond C. Hine of Mill Valley.

Requests for a use permit and variances from offstreet parking and minimum lot size requirement will come before the Sausalito Planning Commission at its meeting at 8 p.m. Wednesday.

Murder Suspect Pleads Innocent

Luis S. Aldeguer, 37-year-old Mill Valley cab driver and warehouseman pleaded innocent in Marin County Superior Court today to charges of wounding his estranged wife and fatally stabbing James R. Collins Jr., 38, in Mill Valley last month.

A jury trial was set for May 2.

Aldeguer is accused of murdering Collins, the "other man," in a jealous rage, in the yard of the Adeguer home at 10 Plymouth Circle. Then he entered the house and allegedly attempted to murder his wife, Ruth, 37.

MASTER PLAN HEARING

Highway Fears Told By West Marinites

West Marin coast property owners told the Marin County Planning Commission today that they were worried over the new routing of the Shoreline Highway and about legal effects when a Bolinas-Stinson Beach master plan is adopted.

The occasion was an initial public hearing on the plan, due for second hearing about midmorning of March 20.

Chairman William Upton promised to ask the county counsel for an opinion before the next hearing to clear up what the full legal consequences might be. As to the highway, Planning Director Mary Summers said "one of the major criticisms of the plan has been the much-discussed freeway" but nobody could yet say just how that would work out.

In any event, said Mrs. Summers, it was intended to plan a parking type of development along the road whether it ran through Stinson Beach or up on the ridge behind, with landscaping along the lagoon. Upton said "there is no commitment regarding the road course."

Attorney Bryan McCarthy, representing the Kent Estate Co., still with court decision to come concerning public right of beach access to property, asked precise statements as to what is intended about the waterfront. Much of the discussion led to basic differences in philosophy about whether Stinson Beach emphasis is to be on public or private rights.

Staff inclination to use 22 acres of public land partly as a downtown parking area was countered by "misgivings about a large parking lot and introduction of a large public element" voiced by George Leonard, Stinson Beach land owner.

"This can be one of the most lovely places in the world to live," said Leonard. "But we feel the general public should be largely confined to the area south of the built-up part, with the rest high-class residential."

The Marines could be used to "protect lives" during any evacuation, officials said.

The task force was on its way to South Africa for the 11th stop on a goodwill tour of African ports when the Navy ordered it yesterday to change course and steam toward the Congo. White said the ships would stop offshore "to be available in the event the U.N. may need them for further assistance."

At midday, the task force was 800 miles south of the Congo heading north at 10 knots. The Navy said the ships would reach waters near the Congo on Friday.

The task force consists of the destroyer Gearing, the landing ship Graham County, the landing ship Hermitage and the oiler Nespelin. Another destroyer in the group will continue to Capetown to pick up mail.

Spanish-Style Hotel Planned In Sausalito

Vina del Mar Inn, a $750,000 hotel, is proposed to be built on Bridgeway in Sausalito just north of the Village Fair, Sol Langsam and Bradford McNutt announced today.

The hotel, to be named after the city's sister city of Vina Del Mar, Chile, would be Spanish in style and "in keeping with the waterfront" said Langsam, Sausalito real estate broker. It would contain 49 rooms.

A special feature would be a 4,000-square-foot park behind the building to be used by hotel patrons and all Sausalito residents, Langsam said. Entrance to the park would be from Bulkley Avenue.

McNutt, Tiburon developer, said the hotel is to be built by Douglas Lange Corp. of Berkeley. There are plans for a swimming pool and cabanas. Parking, to accommodate 48 cars, will be on two floors, one below and one above ground. Architect is Edmond C. Hine of Mill Valley.

Requests for a use permit and variances from offstreet parking and minimum lot size requirement will come before the Sausalito Planning Commission at its meeting at 8 p.m. Wednesday.

Murder Suspect Pleads Innocent

Luis S. Aldeguer, 37-year-old Mill Valley cab driver and warehouseman pleaded innocent in Marin County Superior Court today to charges of wounding his estranged wife and fatally stabbing James R. Collins Jr., 38, in Mill Valley last month.

A jury trial was set for May 2.

Aldeguer is accused of murdering Collins, the "other man," in a jealous rage, in the yard of the Adeguer home at 10 Plymouth Circle. Then he entered the house and allegedly attempted to murder his wife, Ruth, 37.

North Marin Residents Face Water Shortage

A serious water shortage right in the middle of the rainy season was revealed today by the North Marin Water District.

The district is purchasing water from the Marin Municipal Water District, according to Jerome P. Gilbert, district manager. Under an agreement made last Wednesday, Marin Municipal Water District will supply up to a half million gallons daily until April 15.

"We can meet only 70 per cent of the water requirements," Gilbert said, "so we look to other sources for water."

Gilbert said the district is studying the possible use of wells in the Novato area as another source of water of the Marin Municipal District cannot continue to supply the needed water.

"We also are studying a diversion pickup about a mile east of Stafford Dam," Gilbert said. "We would pump water from two small streams back to the treatment plant at the lake."

The district will try all of these methods of supplying the necessary water, before it imposes rationing, accoording to Gilbert.

The North Marin Water District and Sonoma County are constructing a pipeline to the Russian River which should be completed in December.

MASTER PLAN HEARING

Highway Fears Told By West Marinites

West Marin coast property owners told the Marin County Planning Commission today that they were worried over the new routing of the Shoreline Highway and about legal effects when a Bolinas-Stinson Beach master plan is adopted.

The occasion was an initial public hearing on the plan, due for second hearing about midmorning of March 20.

Chairman William Upton promised to ask the county counsel for an opinion before the next hearing to clear up what the full legal consequences might be. As to the highway, Planning Director Mary Summers said "one of the major criticisms of the plan has been the much-discussed freeway" but nobody could yet say just how that would work out.

In any event, said Mrs. Summers, it was intended to plan a parking type of development along the road whether it ran through Stinson Beach or up on the ridge behind, with landscaping along the lagoon. Upton said "there is no commitment regarding the road course."

Attorney Bryan McCarthy, representing the Kent Estate Co., still with court decision to come concerning public right of beach access to property, asked precise statements as to what is intended about the waterfront. Much of the discussion led to basic differences in philosophy about whether Stinson Beach emphasis is to be on public or private rights.

Staff inclination to use 22 acres of public land partly as a downtown parking area was countered by "misgivings about a large parking lot and introduction of a large public element" voiced by George Leonard, Stinson Beach land owner.

"This can be one of the most lovely places in the world to live," said Leonard. "But we feel the general public should be largely confined to the area south of the built-up part, with the rest high-class residential."

Education Bills Take Legislative Spotlight

SACRAMENTO (UPI) — Three major educational reform bills move front and center in the state legislature this week.

Up for their first committee hearings are bills to revise textbook adoption, strengthen teacher training and inaugurate statewide testing of students.

Textbook selection was the hot issue—indeed, the burning issue—as the time drew closer for committee hearing.

The assembly education committee was to consider later today a bill by Assemblyman Gordon H. Winton (D-Merced), which would allow local school districts to select from among four or five state-approved texts. At present, the state generally furnishes only one text in a subject to districts.

Tonight, a special Assembly ways and means subcommittee will begin its investigation of the burning of unused textbooks and prices charged in California by eastern publishers.

Wednesday morning, the Senate Education Committee will hear a bill by Sen. Hugo Fisher (D-San Diego) which stiffens the academic training required of all teachers and limits promotion opportunities of teachers in such fields as physical education.

On Wednesday afternoon, the Assembly Education Committee will turn to another bill by Winton setting up a program for the testing of students throughout California.

Winton claims that his "multiple adoption" bill allowing local districts more option in the selection of texts will greatly reduce the surplus textbook problem.

Nixon Won't Try For Governorship

BEVERLY HILLS (UPI) — Former Vice President Richard M. Nixon surprised a star-studded filmland audience last night by announcing he has no plans to seek the California governorship.

Sharing the speakers platform with Gov. Edmund G. Brown and others at a dinner honoring movie pioneer Adolph Zukor, Nixon glanced at Brown while talking of his future and said:

"I have no plans to get his job. I plan to get others."

It was Nixon's first definite statement on whether he would run for governor since he lost the presidential election last November, and nobody could have been more surprised by it than Brown.

"Dick said a moment ago that he was not a candidate for my job and I'm glad of it," said Brown several minutes later when he addressed the group made up of many of Hollywood's biggest stars.

"Dick," said Brown, "I wish you all of the success in the world—in the law business."

Nixon, who returned to his hometown last week, has promised to announce sometime this week what kind of job he will take. It has been repeatedly speculated he will join a Los Angeles law firm.

Nixon's strongest statement about politics since leaving office has been that he intends to remain active in public life. Until last night he had not commented about the 1962 gubernatorial race which many reported he would enter as a stepping stone back to Washington.

The former vice president confined the rest of his brief talk to eulogizing Zukor, 88, and joking about going back to work in private life.

Peace Corps May Serve In U.S., Too

WASHINGTON (AP) — President John F. Kennedy says the peace corps he has proposed may serve on the home front as well as abroad.

"One of the matters which we are now studying," Kennedy said, "is how we could use Americans who desire to serve in our own country — slum areas, in education retraining and all the rest.

"We are now attempting to see how we can use this reservoir of talent and desire here in our own country as well as abroad."

The president's comments were recorded at the White House during a television discussion with Eleanor Roosevelt. The program was televised yesterday.

Overseas reaction to the peace corps idea varied. In many regions with low living standards, there was pleasure at the president's proposal.

Mrs. Roosevelt suggested during the discussion that some corps members might work in depressed areas in the United States. "That's right," Kennedy replied.

R. Sargent Shriver, the president's brother-in-law who was appointed director of the peace corps Saturday, also appeared on the TV program.

SUNDAY SERMON

Rector Explains Origin Of Stations Of Cross

Rev. John J. Murray, Rector of St. Hilary's Episcopal Church in Tiburon explained the origin of the Stations of the Cross to his congreation at worship services yesterday.

Father Murray recalled Europe's desire in the 13th Century to wrestle the Holy Land from the hands of the Turks. ". . . Army after army was sent to Palestine" to what were called Holy Wars or The Crusades."

The rector told how thousands of men went to a land with customs and culture different from those they knew.

As a result they brought back "reports that profoundly affected the European mode of life from that time on. One of these reports is of special interest to us," declared Father Murray.

"The Crusaders, on their return to their homes, brought back word of a custom observed by the Christians around Jerusalem. These Christians, especially during Lent, would form a procession and, while singing hymns and reciting prayers, would start at the Garden of Olives and wend their way along the same paths that Christ followed when He carried the cross to the hill of Calvary.

"Along the way, they paid special reverence to the particular spots dear to Christian tradition. For example, the places where christ is believed to have fallen beneath the cross, and the place where He was met by His mother.

"The European Christian, learning of this custom from the crusaders, decided, "Well, we can not visit the holy places in Palestine, but we can build duplicates in our own country. So the custom rapidly spread of erecting, on the outskirts of each village, a way of the cross. Usually this consisted of small groups of statuary, or a series of pictures, placed at regular intervals along the road, much like the wayside shrines of many European countries today. Each represented some incident in Christ's journey from Gethsemane to Calvary.

"In time, this first fervor cooled. It was decided, because of the inclemency of the weather and general inconvienience, to move the way of the cross indoors. So they merely took the wayside stations, brought them into the church and hung them around on the walls. You will notice that in many churches the stations still retain the shape of a wayside shrine . . .

"This is the origin of our Stations of the Cross," concluded Father Murray," a devotion heartily approved by the church, and one which she has surrounded with many indulgences."

CHP Nabs 2 In Auto Race

Two Redwood High School students Friday night chose the worst of all possible starting lines for a hot-rod drag race—Highway 101 directly in front of the headquarters of the California Highway Patrol.

CHP Officers Ralph P. Anderson Jr. and James C. Dukes were entering the CHP driveway in separate cars when they observed the two youths cruising very slowly on the highway in front of the office.

Suddenly, the officers said, both cars "took off."

Giving chase, the officers lost sight of the southbound racers as they went over the hill, but caught up to them again near the Greenbrae turnoff, again going very slowly.

As they approached, the two youths again accelerated, the patrolmen said. Dukes clocked his quarry (a blue 1955 Ford with lowered front end and three carburetors) at 90 miles an hour. Anderson timed the other (a 1954 Ford, green, carburetion undetermined) at 85 miles an hour.

In response to red lights and sirens, the racers halted in front of the Corte Madera Shopping Center.

Parents of both the boys were notified they had been turned over to juvenile authorities, charged with "engaging in a speed contest, driving at unsafe speed and exceeding the maximum speed limit."

'DERANGED' SEA LION ATTACKS DIVER

MONTEREY (AP) — Despite their ferocious-sounding name, sea lions are gentle creatures.

But they do have their problems. That probably is why skindiver Robert Evans of Alameda is nursing a 14-stitch gash in his leg after an encounter near Monterey's Fishermen's Wharf, says Dr. Robert T. Orr of San Francisco's Steinhardt Aquarium.

The sea lion that attacked Evans, grabbed him by the leg and pulled him 50 feet to the bottom of the ocean is probably psychotic, Dr. Orr said. Evans saved himself by kicking his rubber flipper into the animal's eyes.

"There are mentally deranged sea lions, just as there are mentally deranged humans," Dr. Orr said.

Chicago Area Digging Out After Twister

CHICAGO (AP)—Utility and city crews labored along barricaded streets today to clear debris from a tornado that cut a twisting five and one-half mile swath through Chicago's South side at dusk Saturday.

The twister left one dead and 93 injured. Property damage was estimated at five million dollars.

Three elementary schools were closed for repairs. At least 25 buildings have been labeled unsafe for electrical service by George Ramsey, city building commissioner. He said nine would be demolished.

Ramsey said at least 3,000 structures were damaged, about 75 so severely they could not be occupied.

The tornado collapsed store fronts, tossed autos about, uprooted trees, shook houses from their foundations, sent rooftops spinning, and spread glass and masonry in the streets. Wires were felled, plunging the area into darkness.

The twister's path, about 300 yards wide, was traced by a tornado expert at the University of Chicago in an aerial survey.

The injured were taken to 10 hospitals. At least 75 were treated in emergency rooms and released.

Six inches of snow fell in five hours up to midnight, atop four inches that fell Saturday over the area.

In Iowa, the state patrol warned motorists that snow, rain and sleet had left "a sheet of ice across the state."

A tornado struck Jerseyville, Ill., early today. There were reports of excessive wind damage to property and utility lines.

Heavy weekend rains in Ohio sent rivers and tributaries over flood stage in many communities.

Split On School Funds

WASHINGTON (UPI) — President John F. Kennedy is facing new opposition in Congress over his refusal to include assistance for parochial schools in his aid-to-education program.

House Democratic leader John W. McCormack of Massachusetts split with Kennedy on the issue yesterday. McCormick proposed that construction loans for private schools be written into the measure.

Kennedy, like McCormack a Catholic, already is at loggerheads with the leaders of his church on the issue. The U. S. Catholic hierarchy has said it will fight to have parochial schools included.

Tourist Tape Cut

WASHINGTON (UPI) — The State Department has abandoned a questionnaire that asked prospective visitors from abroad whether they were coming to this country for immoral purposes.

State Department officials said U.S. consulates were ordered Friday to stop using Form FS 257 AF. The move was designed to attract more foreign tourists to the United States.

Foreigners apply for visas to travel in the United States now will have to fill out only a one-page form containing routine questions about the applicant's identification and appearance.

New Spending Curbs

WASHINGTON (UPI) — President John F. Kennedy has urged new spending curbs on American servicemen abroad expected to save up to 110 million dollars a year and help ease the drain on U.S. gold reserves.

Included in the program announced yesterday by the president was a ban on transportation of newly purchased foreign-made automobiles at U.S. government expense.

"Primary emphasis in achieving this reduction will be on the voluntary actions of the individuals involved," a White House statement said. But it also lists "a number of specific actions" by the military departments "to insure the reduction of expenditures in overseas areas."

To Seek Damages

WASHINGTON (UPI) — Atty. Gen. Robert Kennedy says the federal government soon will seek damages from the major electric equipment manufacturers involved in price-fixing and bid-rigging schemes.

Bonn Revalues Mark

BONN, West Germany (UPI) — Economics Minister Ludwig Erhard says West Germany increased the value of the mark 5 per cent on its own initiative, uninfluence by the United States.

"I give my word of honor, we didn't capitulate to American pressure . . . " Erhard told a press conference yesterday. "We are going to have a boom in Germany, and (without revaluation) there would be no dampening of prices." The value of the mark increased officially today from 23.8 to 25 U.S. cents. The Dutch simultaneously increased the value of the builder from 26.3 to 27.7 cents.

Rector Explains Origin Of Stations Of Cross

Rev. John J. Murray, Rector of St. Hilary's Episcopal Church in Tiburon explained the origin of the Stations of the Cross to his congreation at worship services yesterday.

Father Murray recalled Europe's desire in the 13th Century to wrestle the Holy Land from the hands of the Turks. ". . . Army after army was sent to Palestine" to what were called Holy Wars or The Crusades."

The rector told how thousands of men went to a land with customs and culture different from those they knew.

As a result they brought back "reports that profoundly affected the European mode of life from that time on. One of these reports is of special interest to us," declared Father Murray.

"The Crusaders, on their return to their homes, brought back word of a custom observed by the Christians around Jerusalem. These Christians, especially during Lent, would form a procession and, while singing hymns and reciting prayers, would start at the Garden of Olives and wend their way along the same paths that Christ followed when He carried the cross to the hill of Calvary.

"Along the way, they paid special reverence to the particular spots dear to Christian tradition. For example, the places where christ is believed to have fallen beneath the cross, and the place where He was met by His mother.

"The European Christian, learning of this custom from the crusaders, decided, "Well, we can not visit the holy places in Palestine, but we can build duplicates in our own country. So the custom rapidly spread of erecting, on the outskirts of each village, a way of the cross. Usually this consisted of small groups of statuary, or a series of pictures, placed at regular intervals along the road, much like the wayside shrines of many European countries today. Each represented some incident in Christ's journey from Gethsemane to Calvary.

"In time, this first fervor cooled. It was decided, because of the inclemency of the weather and general inconvienience, to move the way of the cross indoors. So they merely took the wayside stations, brought them into the church and hung them around on the walls. You will notice that in many churches the stations still retain the shape of a wayside shrine . . .

"This is the origin of our Stations of the Cross," concluded Father Murray," a devotion heartily approved by the church, and one which she has surrounded with many indulgences."

CHP Nabs 2 In Auto Race

Two Redwood High School students Friday night chose the worst of all possible starting lines for a hot-rod drag race—Highway 101 directly in front of the headquarters of the California Highway Patrol.

CHP Officers Ralph P. Anderson Jr. and James C. Dukes were entering the CHP driveway in separate cars when they observed the two youths cruising very slowly on the highway in front of the office.

Suddenly, the officers said, both cars "took off."

Giving chase, the officers lost sight of the southbound racers as they went over the hill, but caught up to them again near the Greenbrae turnoff, again going very slowly.

As they approached, the two youths again accelerated, the patrolmen said. Dukes clocked his quarry (a blue 1955 Ford with lowered front end and three carburetors) at 90 miles an hour. Anderson timed the other (a 1954 Ford, green, carburetion undetermined) at 85 miles an hour.

In response to red lights and sirens, the racers halted in front of the Corte Madera Shopping Center.

Parents of both the boys were notified they had been turned over to juvenile authorities, charged with "engaging in a speed contest, driving at unsafe speed and exceeding the maximum speed limit."

'DERANGED' SEA LION ATTACKS DIVER

MONTEREY (AP) — Despite their ferocious-sounding name, sea lions are gentle creatures.

But they do have their problems. That probably is why skindiver Robert Evans of Alameda is nursing a 14-stitch gash in his leg after an encounter near Monterey's Fishermen's Wharf, says Dr. Robert T. Orr of San Francisco's Steinhardt Aquarium.

The sea lion that attacked Evans, grabbed him by the leg and pulled him 50 feet to the bottom of the ocean is probably psychotic, Dr. Orr said. Evans saved himself by kicking his rubber flipper into the animal's eyes.

"There are mentally deranged sea lions, just as there are mentally deranged humans," Dr. Orr said.

Chicago Area Digging Out After Twister

CHICAGO (AP)—Utility and city crews labored along barricaded streets today to clear debris from a tornado that cut a twisting five and one-half mile swath through Chicago's South side at dusk Saturday.

The twister left one dead and 93 injured. Property damage was estimated at five million dollars.

Three elementary schools were closed for repairs. At least 25 buildings have been labeled unsafe for electrical service by George Ramsey, city building commissioner. He said nine would be demolished.

Ramsey said at least 3,000 structures were damaged, about 75 so severely they could not be occupied.

The tornado collapsed store fronts, tossed autos about, uprooted trees, shook houses from their foundations, sent rooftops spinning, and spread glass and masonry in the streets. Wires were felled, plunging the area into darkness.

The twister's path, about 300 yards wide, was traced by a tornado expert at the University of Chicago in an aerial survey.

The injured were taken to 10 hospitals. At least 75 were treated in emergency rooms and released.

Many Generals Came From One House

LANCASTER, Ohio (AP)—Four of five Civil War generals from Lancaster came from one house. They were Maj. Gen. Thomas Ewing, Maj. Gen. Hugh Ewing, Brig. Gen. Charles Ewing—all brothers—and Gen. William T. Sherman, who was raised by the Ewing family.

The fifth was Bvt. Brig. Gen. J. A. Stafford. In addition, two other generals—Maj. Gen. Philemon Beecher and Brig. Gen. Samuel F. Maccracken—lived within a block of the Ewing home but died before the war.

Weather Aims Heavy Blows At Middle U.S.

By ASSOCIATED PRESS

Rain, sleet, fog, snow and tornadic winds battered sections of the Midwest today.

A tornado swept through five blocks of residental area in Kokoho, Ind., today, killing an 80-year-old woman. The storm damaged the Miller Transportation, Inc., plant in the north-central Indiana city.

Heavy snow continued falling in Nebraska, Iowa, Minnesota and Wisconsin.

CARS STALLED

In the Minneapolis-St. Paul area, hundreds of cars were stalled on highways and side roads piled high with snow that drifted under 20 m.p.h. winds.

Six inches of snow fell in five hours up to midnight, atop four inches that fell Saturday over the area.

In Iowa, the state patrol warned motorists that snow, rain and sleet had left "a sheet of ice across the state."

A tornado struck Jerseyville, Ill., early today. There were reports of excessive wind damage to property and utility lines.

Damage was small except where one twister caused heavy damage to storage buildings and boats on the Gravois arm of the Lake of the Ozarks.

In the Pacific Northwest yesterday, a rainstorm powered by winds of up to 83 p.p.h. raced through the state, then changed to a blinding stormstorm in the Cascade Mountains.

LINES DOWN

Property was damaged and utility lines downed. The snow continued today, with 18 inches reported at Mount Hood.

The same storm blew into Washington state and into British Columbia, with largely the same effect on property andw utility lines.

In the East Sunday, temperatures were generally moderate, although high in some areas. Washington, D. C. had an 80-degree reading, setting a record for the date.

Heavy weekend rains in Ohio sent rivers and tributaries over flood stage in many communities.

The threat of rising floodwaters along the Mobile River in Alabama forced suspension of railroad passenger service on the main lines of the Louisville and Nashville Railroad.

Split On School Funds

WASHINGTON (UPI) — President John F. Kennedy is facing new opposition in Congress over his refusal to include assistance for parochial schools in his aid-to-education program.

House Democratic leader John W. McCormack of Massachusetts split with Kennedy on the issue yesterday. McCormick proposed that construction loans for private schools be written into the measure.

Kennedy, like McCormack a Catholic, already is at loggerheads with the leaders of his church on the issue. The U. S. Catholic hierarchy has said it will fight to have parochial schools included.

Kidnap Suspects

ANNECY, France (UPI) — Police were reported today to have arrested the suspected perpetrators or accomplices in the kidnaping a year ago of little Eric Peugeot, heir to the French automobile fortune.

Eric was snatched from a children's playground at a fashionable Paris golf club. He was delivered unharmed to a Paris bistro three days later when his father, Roland Peugeot, vice president of the Peugot automobile firm, kept a rendezvous with the kidnapers and handed over a package containing 50 million francs.

Tourist Tape Cut

WASHINGTON (UPI) — The State Department has abandoned a questionnaire that asked prospective visitors from abroad whether they were coming to this country for immoral purposes.

State Department officials said U.S. consulates were ordered Friday to stop using Form FS 257 AF. The move was designed to attract more foreign tourists to the United States.

Foreigners apply for visas to travel in the United States now will have to fill out only a one-page form containing routine questions about the applicant's identification and appearance.

New Spending Curbs

WASHINGTON (UPI) — President John F. Kennedy has urged new spending curbs on American servicemen abroad expected to save up to 110 million dollars a year and help ease the drain on U.S. gold reserves.

Included in the program announced yesterday by the president was a ban on transportation of newly purchased foreign-made automobiles at U.S. government expense.

"Primary emphasis in achieving this reduction will be on the voluntary actions of the individuals involved," a White House statement said. But it also lists "a number of specific actions" by the military departments "to insure the reduction of expenditures in overseas areas."

To Seek Damages

WASHINGTON (UPI) — Atty. Gen. Robert Kennedy says the federal government soon will seek damages from the major electric equipment manufacturers involved in price-fixing and bid-rigging schemes.

The attorney general told Chairman Estates Kefauver (D-Tenn.) of the Senate Anti-Trust and Monopoly Subcommittee on a television program for Tennessee stations that several government agencies, including the Tennessee Valley Authority, would try in about six weeks to collect damages from the electric equipment makers.

Bonn Revalues Mark

BONN, West Germany (UPI) — Economics Minister Ludwig Erhard says West Germany increased the value of the mark 5 per cent on its own initiative, uninfluence by the United States.

"I give my word of honor, we didn't capitulate to American pressure . . . " Erhard told a press conference yesterday. "We are going to have a boom in Germany, and (without revaluation) there would be no dampening of prices." The value of the mark increased officially today from 23.8 to 25 U.S. cents. The Dutch simultaneously increased the value of the builder from 26.3 to 27.7 cents.

WITH A BONE IN HER TEETH—The schooner Fairweather eases out of Sausalito under diesel power Saturday as her sails are hoisted to carry her on a 10-year trip around the world.

Ship Weighs Anchor For 10-Year Cruise

Story and Photo
By CARLETON WILLIAMS

The Fairweather, a 57-foot gaff-rigged schooner with a crew of eight, cleared the Golden Gate Bridge with the ebb tide Saturday afternoon bound 'round the world on a 10-year voyage.

At the wheel as she pulled away from her Sausalito berth under diesel power was the vessel's owner and skipper, Bill Adams, 39.

His crew includes his wife, Suttie; three sons, Rick, 19, John, 16, and Pat, 7; a daughter, Suttie, 10; Lisa Bachelis, 18, daughter of Mrs. Dolph Barnett of 191 San Carlos Avenue, Sausalito, and Verne Hanson, 29, former University of California student and professional sailor from Hawaii.

Laden with two tons of food, medical supplies, books on every conceivable subject including navigation and first aid, record players and bongo drums, the vessel caught a stiff breeze about half-way out the bay and cleared the gate at a sharp eight knots under full sail.

First stop for the adventurers will be Los Angeles, where, according to Adams, known aboard as Captain Klatu, they will take on water and iron out any "kinks" the shakedown run may have revealed.

Their itinerary, subject to change according to their whims, includes Acapulco, Tahiti, Australia, Hong Kong, India, Ceylon, Panama and the countries bordering the Mediterranean.

The expect to drop anchor in Sausalito again in 1971.

Young Car Theft Suspects Caught In Sausalito Chase

Two juvenile car theft suspects were caught early yesterday in the Sausalito hills after a chase punctuated by warning shots fired by a pursuing policeman.

One of the youths, a Mill Valley 17-year-old, was discovered cowering in a garage at 25 Cazneau Avenue. The other, a 16-year-old from Sausalito, was picked up at home after being identified by his friend.

Reserve Police Officer David Gernetzke was parked on Atwood Avenue at 1:15 a.m. when he saw the two youths drive through an arterial stop at Bulkley and Atwood Avenue. He gave chase.

Flashing his light and siren, Gernetzky pursued the car through a maze of streets in the Sausalito hills until the car stopped on Cazneau and the two occupants jumped out and fled, one of them carrying a bundle.

Gernetzky called to them to halt and fired two warning shots in the air to no avail. In response to a radio call, Sausalito Police Officer Robert Alberighi joined him in a search.

The officers discovered one youth hiding in the garage about two blocks from where the car was abandoned.

At the police station, the boy identified his friend and admitted they had "hot wired the car in which they planned to go camping at Boot Jack Camp on Mount Tamalpais. The bundle with which he fled contained camping gear.

Car Fails Turn, Rolls Over; 3 Girls Injured

Three teen-age girls were treeted at Novato General Hospital late Saturday night after their car failed to make a turn and rolled over at about 80 miles an hour.

Driving the southbound car, which rolled over at least twice on Highway 101 about one-fourth mile south of the Black Point Cutoff, was Sharon Joy Dower, 18, of Santa Rosa. With her were Kathryn Patricia Lemme of 190 Nadina Way, Greenbrae, and Lynn Carol Duplisea, 17, of 151 Los Cerros, Greenbrae.

California Highway Patrolmen said they found the car on its side on the east side of the highway. Miss Dower and Miss Lemme were standing beside the car. Miss Duplisea was lying in the bushes about 40 feet south of the vehicle.

Miss Duplisea was kept at the hospital with pelvic injuries, a lacerated left leg and brush burns on her head.

Miss Lemme was treated for a sprained back, neck and shoulder and abrasions of the left heel and knee. Miss Dower was treated for concussion and a bruised foot. Attendants said she lost consciouness briefly after she entered the hospital.

Miss Dower admitted to officers she was driving "about 75 miles an hour," but a witness, Jerry Lee Brannan, 26, of Petaluma, estimated the speed "at least 80."

Brennan said he was traveling north about 11 p.m. when he saw the southbound car coming toward him. The girls' car rolled across the divider strip and across the northbound lanes, missing the rear of his car by about 10 feet, Brannan said.

A Novato woman was treated for a bruised right ankle at San Rafael General Hospital after a three-car crash in San Rafael on Saturday afternoon.

She is Ira Garold Trimble of 777 McClay Road, Novato. Drivers of the other two cars involved are Fred Gerrish Wade II of Sacramento and William Albert Lewis of 815 Rosal Way, San Rafael.

San Rafael police said the injured woman's car was northbound on Tamalpais Avenue and was passing Lewis's car when she was struck by Wade's auto, also crossing the intersection on Fourth Street. Her car was knocked into that of Lewis.

A Mill Valley woman and her 12-year-old son were treated for cuts and bruises at San Rafael General Hospital Saturday after a collision at Francisco Boulevard and Second Street in San Rafael.

The driver of the other car, Walter Robert Mooney, 34, of San Francisco, was booked at Marin County jail on charges of drunk driving and making an improper turn.

Mrs. Gladys O'Neal of 214 Laverne Avenue was driving west on Francisco Boulevard at 5:57 p.m. when Mooney's car cut in front of her in an attempt to turn into Second Street, police reported.

With Mrs. O'Neal was her son, Michael Kerry.

Mooney was freed on $263 bail and ordered to appear in municipal court tomorrow at 1:30 p.m.

FIGHT

and not effected (sic) by annexation." San Rafael City Atty. A. E. Bagshaw thinks otherwise, and attorneys for a bond consultant firm suspect he may be right.

An anti-annexation handout, headed "Pay and Lose," declared: "Annexation means that you will . . . lose the Dixie School District to the San Rafael School District." President E. E. Lenander and Supt. Dennie B. Willis of the Dixie School District took occasion again today to call attention that the annexation would have no bearing whatever on the school district setup.

An unsigned pro-annexation dodger labeled "Misstatements, Innuendo, Rumor," labeled "true or false" a long list of statements various persons have made about the annexation — but scored little better than 50 per cent in its own accuracy.

A "Committee or Tax-Saving" anti-annexation handbill pictured Terra Linda recreation lands as "closed by annexation" and compared the Terra Linda Community Services District's projected 57-cent tax rate for 1961-62 with San Rafael's 96-cent city tax rate for 1960-61.

A Terra Linda Committee on Annexation doger called for annexing to get "full-time police, fire, city services at less taxes."

A "Taxayer's Committee for Good Planning" handbill lauded the county planning which Terra Linda now has and predicted "asphalt deserts" and unsightly billboards" if the area is annexed to San Rafael.

The most ambitious of the propaganda pieces, a 12-page folder bearing no name but reportedly issued by Anton Lonich, chairman of the Terra Linda Taxpayers League, again claimed the recreational district would not be affected by annexation. It cited the report prepared by William Zion, government consultant, for the community services district last year which said Terra Linda would receive better services for less money if annexed to a neighboring city.

To Accept Grant

The board of directors of the Tiburon Sanitary District will accept the $119,000 federal grant for expansion of the treatment plant and outfall system at its regular meeting at 7:30 tonight.

directly opposed to "annexation at this time and under these conditions."

He gave two main reasons for the protest:

The question of who really owns the two recreation sites (Del Ganado and Oleander Parks) has not been solved and can only be decided by court action, he said. Also what would happen to the recreational district? The question of whether it would be dissolved is unsettled (it caused the district's bonding attorney's to doubt the marketability of a recreation bond issue until after annexation has been decided).

Secondly, Franzblau said "We have no knowledge of what plans the city has for us."

He said the board was never notified what would happen to the firehouse, equipment and personnel, to the services district's assets, the zoning of Terra Linda, and to the maintenance of the parkways and recreation sites.

Anton Lonich, president of the pro-annexation Terra Linda Taxpayers League pleaded a different case.

"We would get better sevices for less taxes," Lonich declared.

He cited San Rafael's full-time police and fire departments plus permanent public works, recreation and planning departments.

"The community services district tax today is 95 cents per $100 assessed valuation," he said. "In addition Terra Lindans pay a 15 cent county library tax. If annexed we would save 14 cents for every $100 of assessed valuation. This means a reduction of about $5.80 a year for every home owner."

If annexed, Lonich said, Terra Linda would also benefit from the city's $750,000 annual sales tax revenue, a possible reduction in fire insurance rates (Terra Linda is classed at 6 compared with 4 for San Rafael), and motor vehicle and gasoline tax revenues that now go to the county.

Lonich said school, sanitation and recreational districts would be uneffected by the annexation (although exactly what would happen to the recreational district unsettled).

If the voters approve annexation, Terra Linda will become a part of San Rafael on July 1.

Girl, 13, Accused Of Shoplifting

A 13-year-old girl caught shoplifting in an Ignacio store Friday and four of her companions were to appear before Inspecor Harvey Teague, sheriff's juvenile officer, today.

Glenn Lee Bishop of 719 Orange Avenue, Novato, told deputies he saw the girl pick up nylon stockings a phonograph record and cosmetic articles in the Roger Wilco market and put them in a large purse.

All the girls, 13, and 14 years old, live on Himilton Air Force Base or in Rafael Village, deputies said.

Youths Accused On Gun Counts

Two Santa Venetia youths were charged Saturday with firing guns from a moving car, having loaded guns inside a car and possession of liquor by minors.

They are David Patrick Mello, 19, of 102 Mabry Way and Robert Peter Sundberg, 18, of 106 Mabry Way. They were apprehended by Marin County sheriff's deputies on San Pedro Road about one-half mile west of the archery range at about 5 p.m.

Blessing Given Apartments In Sausalito

Roger L. Heiser gained Marin County Planning Commission approval today of his long-delayed plan for building a 12-unit, three-story apartment house on the down slope of Waldo Point in north Sausalito, north of Sacramento Avenue.

"Instability of land" was cited in a staff report as chief objection to his scheme, which involves going within 16 feet of the front property line where 20 feet is normally required. But anyway it was conceded that Heiser had straightened out his tormenting problem of gaining a full title.

This included a last small triangle where he recently had to bid against a woman neighbor, from his initial $50 offer to a final payment of $600, merely clear title from some possible county claim.

The commission showed sympathy for Heiser's delays and problems and took special steps to rush the application to the Board of Supervisors for presumably final action tomorrow.

Approval was given to proposed College of Marin acquisition of .876 acres west of their present playing field and adjacent to Kent Avenue. This property is only 60 feet wide, part of an abandoned Northwestern Pacific Railroad right of way, and Planning Director Mary Summers remarked that such a narrow strip is "not readily usable for private purposes."

Indefinite continuance until plans can be presented was ordered concerning an application for architectural supervision for Cedars Development School, a private institution for retarded children to be put on 20 acres bordering Mount Tamalpais Cemetery and Sunny Hills orphanage.

Car Fails Turn, Rolls Over; 3 Girls Injured

Three teen-age girls were treeted at Novato General Hospital late Saturday night after their car failed to make a turn and rolled over at about 80 miles an hour.

Driving the southbound car, which rolled over at least twice on Highway 101 about one-fourth mile south of the Black Point Cutoff, was Sharon Joy Dower, 18, of Santa Rosa. With her were Kathryn Patricia Lemme of 190 Nadina Way, Greenbrae, and Lynn Carol Duplisea, 17, of 151 Los Cerros, Greenbrae.

California Highway Patrolmen said they found the car on its side on the east side of the highway. Miss Dower and Miss Lemme were standing beside the car. Miss Duplisea was lying in the bushes about 40 feet south of the vehicle.

Miss Duplisea was kept at the hospital with pelvic injuries, a lacerated left leg and brush burns on her head.

Miss Lemme was treated for a sprained back, neck and shoulder and abrasions of the left heel and knee. Miss Dower was treated for concussion and a bruised foot. Attendants said she lost consciouness briefly after she entered the hospital.

Miss Dower admitted to officers she was driving "about 75 miles an hour," but a witness, Jerry Lee Brannan, 26, of Petaluma, estimated the speed "at least 80."

Brennan said he was traveling north about 11 p.m. when he saw the southbound car coming toward him. The girls' car rolled across the divider strip and across the northbound lanes, missing the rear of his car by about 10 feet, Brannan said.

A Novato woman was treated for a bruised right ankle at San Rafael General Hospital after a three-car crash in San Rafael on Saturday afternoon.

She is Ira Garold Trimble of 777 McClay Road, Novato. Drivers of the other two cars involved are Fred Gerrish Wade II of Sacramento and William Albert Lewis of 815 Rosal Way, San Rafael.

San Rafael police said the injured woman's car was northbound on Tamalpais Avenue and was passing Lewis's car when she was struck by Wade's auto, also crossing the intersection on Fourth Street. Her car was knocked into that of Lewis.

A Mill Valley woman and her 12-year-old son were treated for cuts and bruises at San Rafael General Hospital Saturday after a collision at Francisco Boulevard and Second Street in San Rafael.

The driver of the other car, Walter Robert Mooney, 34, of San Francisco, was booked at Marin County jail on charges of drunk driving and making an improper turn.

Mrs. Gladys O'Neal of 214 Laverne Avenue was driving west on Francisco Boulevard at 5:57 p.m. when Mooney's car cut in front of her in an attempt to turn into Second Street, police reported.

With Mrs. O'Neal was her son, Michael Kerry.

Mooney was freed on $263 bail and ordered to appear in municipal court tomorrow at 1:30 p.m.

FIGHT

and not effected (sic) by annexation." San Rafael City Atty. A. E. Bagshaw thinks otherwise, and attorneys for a bond consultant firm suspect he may be right.

An anti-annexation handout, headed "Pay and Lose," declared: "Annexation means that you will . . . lose the Dixie School District to the San Rafael School District." President E. E. Lenander and Supt. Dennie B. Willis of the Dixie School District took occasion again today to call attention that the annexation would have no bearing whatever on the school district setup.

An unsigned pro-annexation dodger labeled "Misstatements, Innuendo, Rumor," labeled "true or false" a long list of statements various persons have made about the annexation — but scored little better than 50 per cent in its own accuracy.

A "Committee or Tax-Saving" anti-annexation handbill pictured Terra Linda recreation lands as "closed by annexation" and compared the Terra Linda Community Services District's projected 57-cent tax rate for 1961-62 with San Rafael's 96-cent city tax rate for 1960-61.

A Terra Linda Committee on Annexation doger called for annexing to get "full-time police, fire, city services at less taxes."

A "Taxayer's Committee for Good Planning" handbill lauded the county planning which Terra Linda now has and predicted "asphalt deserts" and unsightly billboards" if the area is annexed to San Rafael.

The most ambitious of the propaganda pieces, a 12-page folder bearing no name but reportedly issued by Anton Lonich, chairman of the Terra Linda Taxpayers League, again claimed the recreational district would not be affected by annexation. It cited the report prepared by William Zion, government consultant, for the community services district last year which said Terra Linda would receive better services for less money if annexed to a neighboring city.

To Accept Grant

The board of directors of the Tiburon Sanitary District will accept the $119,000 federal grant for expansion of the treatment plant and outfall system at its regular meeting at 7:30 tonight.

VOTE

directly opposed to "annexation at this time and under these conditions."

He gave two main reasons for the protest:

The question of who really owns the two recreation sites (Del Ganado and Oleander Parks) has not been solved and can only be decided by court action, he said. Also what would happen to the recreational district? The question of whether it would be dissolved is unsettled (it caused the district's bonding attorney's to doubt the marketability of a recreation bond issue until after annexation has been decided).

Secondly, Franzblau said "We have no knowledge of what plans the city has for us."

He said the board was never notified what would happen to the firehouse, equipment and personnel, to the services district's assets, the zoning of Terra Linda, and to the maintenance of the parkways and recreation sites.

Anton Lonich, president of the pro-annexation Terra Linda Taxpayers League pleaded a different case.

"We would get better sevices for less taxes," Lonich declared.

He cited San Rafael's full-time police and fire departments plus permanent public works, recreation and planning departments.

"The community services district tax today is 95 cents per $100 assessed valuation," he said. "In addition Terra Lindans pay a 15 cent county library tax. If annexed we would save 14 cents for every $100 of assessed valuation. This means a reduction of about $5.80 a year for every home owner."

If annexed, Lonich said, Terra Linda would also benefit from the city's $750,000 annual sales tax revenue, a possible reduction in fire insurance rates (Terra Linda is classed at 6 compared with 4 for San Rafael), and motor vehicle and gasoline tax revenues that now go to the county.

Lonich said school, sanitation and recreational districts would be uneffected by the annexation (although exactly what would happen to the recreational district unsettled).

If the voters approve annexation, Terra Linda will become a part of San Rafael on July 1.

Girl, 13, Accused Of Shoplifting

A 13-year-old girl caught shoplifting in an Ignacio store Friday and four of her companions were to appear before Inspecor Harvey Teague, sheriff's juvenile officer, today.

Glenn Lee Bishop of 719 Orange Avenue, Novato, told deputies he saw the girl pick up nylon stockings a phonograph record and cosmetic articles in the Roger Wilco market and put them in a large purse.

All the girls, 13, and 14 years old, live on Himilton Air Force Base or in Rafael Village, deputies said.

Youths Accused On Gun Counts

Two Santa Venetia youths were charged Saturday with firing guns from a moving car, having loaded guns inside a car and possession of liquor by minors.

They are David Patrick Mello, 19, of 102 Mabry Way and Robert Peter Sundberg, 18, of 106 Mabry Way. They were apprehended by Marin County sheriff's deputies on San Pedro Road about one-half mile west of the archery range at about 5 p.m.

Blessing Given Apartments In Sausalito

Roger L. Heiser gained Marin County Planning Commission approval today of his long-delayed plan for building a 12-unit, three-story apartment house on the down slope of Waldo Point in north Sausalito, north of Sacramento Avenue.

"Instability of land" was cited in a staff report as chief objection to his scheme, which involves going within 16 feet of the front property line where 20 feet is normally required. But anyway it was conceded that Heiser had straightened out his tormenting problem of gaining a full title.

This included a last small triangle where he recently had to bid against a woman neighbor, from his initial $50 offer to a final payment of $600, merely clear title from some possible county claim.

The commission showed sympathy for Heiser's delays and problems and took special steps to rush the application to the Board of Supervisors for presumably final action tomorrow.

Approval was given to proposed College of Marin acquisition of .876 acres west of their present playing field and adjacent to Kent Avenue. This property is only 60 feet wide, part of an abandoned Northwestern Pacific Railroad right of way, and Planning Director Mary Summers remarked that such a narrow strip is "not readily usable for private purposes."

Indefinite continuance until plans can be presented was ordered concerning an application for architectural supervision for Cedars Development School, a private institution for retarded children to be put on 20 acres bordering Mount Tamalpais Cemetery and Sunny Hills orphanage.

BAROQUE CONCERT

Orchestra Displays Artistry In Strings

By MAYBELLE SPECKMANN

Those who braved rain yesterday—about 350, or almost two-thirds of the capacity of Angelico Hall of Dominican College—were rewarded by an afternoon of enjoyable music predominantly in the classical spirit.

The concert was presented by the San Rafael Baroque String Orchestra under Hugo Rinaldi, who knows how to make full artistic utilization of stringed instruments.

For lovers of the beautiful tonal qualities strings possess, an orchestra like this one of 28 stringed instruments can be a delight. And this is especially true when the sonority is enhanced by acoustics, as that of chamber music is in Angelico Hall.

Most impressive from the standpoint of orchestral color was Ernest Bloch's neo-classic concerto Grosso with piano obligato theme clearly announced in bell-like quality by Faith France. At times the orchestral tone was organlike.

Only departure from the classical tradition was guest pianist David Del Tredici's own four "Fantasy Pieces" in the romantic spirit but modern idiom. Although called four pieces, they seemed like one composition in four movements with the last a recapitulation of the first three. Harmonically audacious and often dissonant, they explored a dynamics range from extremely delicate to utmost percussive force.

In J. S. Bach's concerto No. 5 in F minor, the young Marin pianist gave a markedly rhythmic reading, making the most of the opportunity offered in Bach's concerti to be heard as a personality in opposition to the impersonal orchestra.

Instrumental tone was not as pure as it might have been in Handel's concerto grosso No. 1, opus 6, perhaps because this composition as in the "warm-up" position of first on the program.

The solo work of first violinist Dan Shelasky, second violinist Everett O'Bannon and cellist Edward Nylund was nicely balanced against the ensemble, but Shelasky's tonal quality was more pleasing in the dirge of the Bloch concerto.

Rinaldi and the orchestra were called back for bows several times by a responsive audience.

The concert was presented in cooperation with the music department of Dominican College and the Symphony Guild of Marin.

Florida has more lakes than any other state.

Vote On Name Change Voided In Marin City

The election to determine whether Marin City should have a new name was declared void today, according to Daniel Hayden, chairman of the Marin City Tenants Council. He reported there had been insufficient time for a "proper legal survey."

A new election will be held with results expected by April 3, Hayden said.

He said that the committee in charge of voting decided yesterday it had insufficient time to handle the election and declared the survey void for these reasons:

(1) Tenants were not given enough time to make a decision; (2) Only one ballot had been given to each family and ballots were not available Saturday, the last day of voting, at the housing authority office; (3) There was no way to determine if votes cast were by legal tenants or if any tenant had cast more than one ballot since the ballots had no place for the voter's name, and (4) There was evidence of irregularity of casting of ballots.

The tenants council, which meets at 8 p.m. today at the community lounge, requested today that the redevelopment agency defer any action on a name until a "proper election" is held.

Chairman Rose Sweeney said the committee did not tally the votes.

The name change was suggested at the February meeting of the housing authority and redevelopment agency. Executive Director Bert Klahn said a new name might give the community "more meaning and stature." Manzanita, the geographical name of the area, was proposed as one suggestion.

Man Wanders Four Hours After Crash

A young San Anselman was improving in Marin General Hospital today after wandering, dazed, for four hours after his car hit a bridge abutment on Sir Francis Drake Boulevard in Kentfield.

Robert Butts, 23, of 43 Court Street was found by Sheriff's Sgt. Edward Levine on Saturday among some bushes about a block from where his auto had been found wrecked, more than four hours earlier.

Search at the scene by the California Highway Patrol after wrecked car was found disclosed no trace of the driver. Hours later, residents of the neighborhood called the sheriff's officers to report a man who seemed to be hurt was wandering near the scene. Renewed search found Butts, lying among some bushes.

Butts suffered internal injures and face cuts, hospital attendants reported.

Court Refuses Hearing To Sit-In Case Appeal

WASHINGTON (UPI) — The Supreme Court refused today to hear arguments in a Tallahassee, Fla., sit-in case in which Negroes and whites were given jail sentences and fines for disorderly conduct.

The court order declining to accept the case was issued without comment. Had it been accepted for appeal, it might have established legal guide lines in such incidents which have occurred throughout the south.

Still pending for court consideration, however, are three similar appeals from individuals arrested in Baton Rouge in sit-in cases.

In other actions today, the Supreme Court:

1. Ruled that three Washington, D. C. men were conviced illegally on gambling charges because police used an eavesdropping device to obtain evidence. The court ruled 9 to 0 that evidence obtained in the case was inadmissable in federal court.

2. Denied a hearing to the Manchester, N. H., Union Leader Corp., which lost a treble damage suit under the antitrust laws to the Haverhill, Mass., Gazette and a group of New England publishers.

3. Rejected an appeal by officers of a Philadelphia Teamster Union local who were barred by the local courts from using union funds to defend themselves in civil and criminal proceedings.

Youth Found Unconscious Beside Undamaged Auto

A 17-year-old San Rafael High School student was found lying unconscious alongside his apparently undamaged car about 30 feet off Highway 101 at the Lucas Valley Road turnoff yesterday.

Ross Arnold Swett of 458 Calle Arboleda, Novato, son of Air Force Capt. Irwin C. Swett, was given emergency treatment at San Rafael General Hospital and transferred to the Hamilton hosuital for treatment of head injuries.

He was reported conscious and in good condition today, but was yet to be questioned by highway patrolmen about circumstances of his injury.

Highway Patrolman Thomas Foley said he was unable to determine any cause for the accident. There were no skid marks on the pavement where the car left the highway, Foley said, but about 30 feet of wheel marks in the grass alongside the pavement shoulder. The car's steering mechanism failed it was being towed away, the officer reported.

The Sausalito Citizens Advisory Zoning Committee will meet at 8 p.m. today in Perry's Hall to hear a report on the committee's one-year study on zoning of residential, apartment and hotel areas. Alan H. Scurfield will be chairman.

Downtown Beautification Effort Deserves Support

Congratulations are in order for the civic leaders of San Rafael and San Anselmo who have promoted the start of business district beautification.

In the county seat city, the San Rafael Beautiful Committee has sponsored a program to encourage business firms to purchase appropriate potted shrubs to line sidewalks in the shopping district. An agency of city government will care for the shrubs after they are purchased by merchants.

In the hub city, a cooperative effort between San Anselmo city council and merchants will see the city buy potted trees, with reimbursement later from business firms. They, too, will be set up along sidewalks in the shopping district.

The San Rafael Beautiful Committee is giving its attention to other needs, not the least of which is improving the appearances of the entrances to San Rafael from Highway 101.

And we expect, similarly, that San Anselmo will not stop with the potted trees in the business district. There will be further beautification efforts too for the hub city.

It seems singularly appropriate that these activities should come on the eve of Conservation Week, which begins formally with the observance of Arbor Day tomorrow.

In these days of "border to border concrete" we seem somehow to have lost appreciation for the beauty of living plants, shrubs and trees.

But maybe competition from attractively landscaped suburban shopping centers is going to force re-beautification of downtown areas.

At least, that is what is beginning to be attempted in downtown Los Angeles and downtown Oakland, among other large centers.

The San Rafael Beautiful Committee has invited city officials and San Rafael merchants to a luncheon tomorrow to hear the views of one of the leaders of the Oakland effort to re-beautify the downtown area.

We hope the committee's study and effort will bear fruit in San Rafael. And we hope that San Anselmo similarly progresses.

We are overdue for some effective work of this kind in many of our older Marin shopping districts.

Mail Brings Notes On Brides, Weight, Crowded Manhattan

By HAL BOYLE

NEW YORK (AP) — Things a columnist might never know if he didn't open his mail:

As European men grow older, they prefer younger brides.

A German survey showed a man at 35 wanted a wife aged 25 or less, at 50 preferred a bride about 30.

Men above 50 were willing to put up with a girl of 35—"but no older."

If you have something heavy to carry, paint it white rather than black. . . Experiments show most people believe a light-colored object is easier to lift than a dark-colored one, even though they weigh the same.

Crowded Manhattan is becoming one of the world's most difficult places to park a car or even find sitting space. . . Its population density is 75,900 people per square mile.

Prosperity note: We are giving more to help others. In 1910 the per capita U.S. gift to philanthropic causes was $5.82. . . Last year it rose to $43.96.

Bombs vs. peace: Air raids in World War II reduced Japan's national wealth by 41½ per cent. . . Since then the Japanese have raised their standard of living 30 to 40 per cent above their best prewar years.

Crop report: Corn grows better on a breezy day. . . Wind, as well as sunshine, helps make vegetables bigger and more generous. . .

We are so used to motor highways we tend to overlook the importance of our water thoroughfares. . . Our rivers have never been richer in human commerce if not in human color. . . Example: The Ohio moves twice as much tonnage through the Panama Canal.

Spice helps bring variety to life. . . When Alaric, the Gothic chieftain, attacked Rome in the fifth century one of the rewards he demanded to lift his siege was 3,000 pounds of pepper. . . In those days victory was something to sneeze at.

Quips from our contempories: The American Medical Assn. Journal, bible of physicians, gives this epitaph for a slow restaurant servitor: "Here lies John, the waiter. God finally caught his eye."

The hair-raising truth: In 20 years the price of food has gone up 151 per cent, clothing 106 per cent—and the cost of a man's haircut 218 per cent!

Success secrets: Tenor Enzo Stuarti strengthens his lungs for singing by swimming under water. . . Movie star Bob Mitchum's favorite morning pick-me-up is a raw egg whose personality has been destroyed in orange juice and honey.

AFTER ALL THESE years, we still have more trees than people. . . One-fourth of the nation's land surface is greened by forests.

The wealth of most old people must be the richness of their memories. . . The financial fact is: 60 per cent of persons 65 or older have incomes of less than $1,000 a year.

IT'S GETTING HARDER to tell it to the chaplain in the U.S. Navy. . . The Navy, by law, is entitled to a chaplain for every 800 men, but the present ratio is one clergyman to 1,000.

It was Ernest Hemingway who observed, "We all take a beating every day, you know, one way or another."

Another Vista Is In Peril

EDITOR,
Independent-Journal:

The beautiful sea view from Beach Road in Belvedere, facing San Francisco across Belvedere Cove and a wide expanse of San Francisco Bay, is in peril!

It is presently bounded only by a low sea wall and is open for all to see and enjoy.

A proposed residential building development of two-story apartments if constructed, would block off most of the Cove, thus eliminating one of the last natural open views in Marin County.

There are too few such open vistas remaining. The elimination of this one, which is unique to Marin County, will lessen the esthetic quality of not only Belvedere but also all Marin County.

The City of Belvedere filed a suit condemning this property so it may be made into a public park.

Residents of the city will vote at a special city election on March 27 on whether the city shall continue or abandon this condemnation suit.

A vote against abandonment of the condemnation suit will be a vote for preservation of this area in its present natural state.

All residents of Marin County, as of Belvedere, should oppose construction which will destroy for all time, one of our rare natural beauty spots.

Another Way To Save Cove View

EDITOR,
Independent-Journal:

In a plea by Mrs. Benton Mathews printed in your paper (Feb. 22), she asks for private citizens to raise several hundreds of thousands of dollars to purchase Belvedere Cove, which the city apparently cannot afford, in order to preserve the beautiful and unique view of the Bay and San Francisco.

I agree with Dr. Watkins, the mayor of Belvedere, and Mrs. Mathews that this is a worthy cause, but I am not as optimistic that the true market value of this property can be raised publicly or privately or even a combination of both.

There is another possibly way of saving this shoreline which would not cost a cent, but which requires a conciliatory attitude by city officials toward the landowners. Permission should be granted through variances and modification of ordinance allowing the Belvedere Land Company to build apartment houses, three to five stories high, as close together as fire and safety codes permit, on all of the undeveloped portions of Beach Road, across from the waterside, in return for no buildings on the Cove property in question.

The city might also permit the land company to construct private berthing facilities on the company's water property for use of the apartment tenants since the effect would be no different than the existing yachting facilities. The Cove is not suitable as a beach for swimming.

Fortunately, the land on both sides of Beach Road is owned by the land company and such a negotiation is feasible. In fact, this was the original proposal of the company, but was rejected by the Belvedere Planning Commission and City Council in favor of the 30-feet open-space agreement now in effect.

The seawall could be reconstructed and the walk widened into an attractive esplanade, parking could be prohibited, and everyone could walk and enjoy the view so magnificently and accurately described by Mrs. Mathews.

Culture is not neglected. There's a book review by Cathy Cannon: "The main character in 'Wuthering Heights' was a man named Heathcliff. He was quite ugly. He was very mean and cruel and always swearing.

THERE'S A HINT of a little lifting from sob story magazines in some stories, a capsule history of Abraham Lincoln, tennis and St. Patrick.

It's all quite modern—gone are the fabled cowboys and Indians (there was some real blood-curdling gore) jungle explorers and fisticuffs with the villain.

The range in imagination is "Astounding, arresting and amusing," as "The Magazine" cover proclaims.

WALTER LIPPMANN

U.S. Public Opinion May Have To Be Re-Educated On Spending

AFTER THE KENNEDY message on education, which was concerned with people, we had a message on the conservation and development of our natural resources. It was concerned with the lands and the forests of America, with the minerals and fuels beneath them, with the air and with the water, the river valleys, and the oceans.

The message itself did not contain a legislative program. It was rather a kind of ordered summary and panorama of what in the years ahead needs doing about our natural environment.

THERE IS ALMOST no one, I imagine, who would care to argue that the objectives laid down are false ones, and that the actions indicated should not be taken.

Nor will there be many to deny, I think, that the conservation of our natural resources is a primary interest of the nation as a whole, an acknowledged national interest since the founding of the Republic. The states have a great and essential role to play. **But the leadership, the planning, and the coordination can come only from the Federal government.** The boundaries of the states do not coincide with the boundaries of nature.

THE REAL PROBLEM posed by the message is not about the national interest, or about the constitutional principle of Federal leadership. It is how such large and varied measures are to be financed. Over the years the conservation of our natural resources will cost a great deal of money.

The President's message refers to this problem and says that "wise investment in a resource program today will return vast dividends tomorrow, and failure to act now may be opportunities lost forever." But since the message is a map of the country that is to be travelled over and is not an inventory of specific measures to be taken, it does not discuss the financial support of the programs which are still to come.

BY THE TIME these programs come into effect, the administration expects, so I understand, not only to have overcome the present recession. It expects also, say in about two years, to be achieving a higher rate of growth—to achieve it by reducing unemployment from over 6 per cent of the labor force to about 4 per cent—which would be non-inflationary "full employment." At this higher rate of economic activity, the wealth produced this year would be some $40,000,000,000 greater than it is. The revenues from this increase at present tax rates would be an additional $10,000,000,000. This would be ample to finance strengthening of the national defense, aid to education, the resources program, and the welfare measures.

But with good luck, particularly in preventing a much greater international crisis that we now have today, it is quite within the capacity of the American economy to support a rising standard of public and of private consumption.

BUT ALONG WITH all that, there will have to go a certain re-education of American public opinion. More exactly, the re-education will mean the clearing away of the confusion which clusters about the highly charged words "spending" and "investment."

There is, for example, the notion that the public authorities at any government level never invest. They only spend. On the other hand, private corporations and private individuals not only spend but also invest. This leads to the blind prejudice that since governments can only spend, whatever money they use tends to be wasted. On the other hand, whenever private corporations or individuals invest, that is a good thing and a public benefit.

This semantic muddle inhibits clear thinking about public questions. The truth is that there is private spending and private investment and some of it is good and some is not good and some of it is bad. There is also public spending and public investment, and some of it is good and some of it is not good and some of it is bad.

IT TAKES GOOD judgment to spend and invest wisely, be it publicly or privately. But that kind of judgment cannot be made at all if we react, like Pavlo's dogs, to the prejudiced sound of words.

THE MAGAZINE is primarily the inspiration of teacher Corrine Thompson, who teaches social studies and language arts (we used to call it English and sneer) at Hill. She edited, set type and took most of the photos. She's also offering free ice cream to the winner of a contest to find a name for "The Magazine."

Culture is not neglected. There's a book review by Cathy Cannon: "The main character in 'Wuthering Heights' was a man named Heathcliff. He was quite ugly. He was very mean and cruel and always swearing.

THERE'S A HINT of a little lifting from sob story magazines in some stories, a capsule history of Abraham Lincoln, tennis and St. Patrick.

It's all quite modern—gone are the fabled cowboys and Indians (there was some real blood-curdling gore) jungle explorers and fisticuffs with the villain.

The range in imagination is "Astounding, arresting and amusing," as "The Magazine" cover proclaims.

U.S. Public Opinion May Have To Be Re-Educated On Spending

AFTER THE KENNEDY message on education, which was concerned with people, we had a message on the conservation and development of our natural resources. It was concerned with the lands and the forests of America, with the minerals and fuels beneath them, with the air and with the water, the river valleys, and the oceans.

The message itself did not contain a legislative program. It was rather a kind of ordered summary and panorama of what in the years ahead needs doing about our natural environment.

THERE IS ALMOST no one, I imagine, who would care to argue that the objectives laid down are false ones, and that the actions indicated should not be taken.

Nor will there be many to deny, I think, that the conservation of our natural resources is a primary interest of the nation as a whole, an acknowledged national interest since the founding of the Republic. The states have a great and essential role to play. **But the leadership, the planning, and the coordination can come only from the Federal government.** The boundaries of the states do not coincide with the boundaries of nature.

THE REAL PROBLEM posed by the message is not about the national interest, or about the constitutional principle of Federal leadership. It is how such large and varied measures are to be financed. Over the years the conservation of our natural resources will cost a great deal of money.

The President's message refers to this problem and says that "wise investment in a resource program today will return vast dividends tomorrow, and failure to act now may be opportunities lost forever." But since the message is a map of the country that is to be travelled over and is not an inventory of specific measures to be taken, it does not discuss the financial support of the programs which are still to come.

BY THE TIME these programs come into effect, the administration expects, so I understand, not only to have overcome the present recession. It expects also, say in about two years, to be achieving a higher rate of growth—to achieve it by reducing unemployment from over 6 per cent of the labor force to about 4 per cent—which would be non-inflationary "full employment." At this higher rate of economic activity, the wealth produced this year would be some $40,000,000,000 greater than it is. The revenues from this increase at present tax rates would be an additional $10,000,000,000. This would be ample to finance strengthening of the national defense, aid to education, the resources program, and the welfare measures.

But with good luck, particularly in preventing a much greater international crisis that we now have today, it is quite within the capacity of the American economy to support a rising standard of public and of private consumption.

BUT ALONG WITH all that, there will have to go a certain re-education of American public opinion. More exactly, the re-education will mean the clearing away of the confusion which clusters about the highly charged words "spending" and "investment."

There is, for example, the notion that the public authorities at any government level never invest. They only spend. On the other hand, private corporations and private individuals not only spend but also invest. This leads to the blind prejudice that since governments can only spend, whatever money they use tends to be wasted. On the other hand, whenever private corporations or individuals invest, that is a good thing and a public benefit.

This semantic muddle inhibits clear thinking about public questions. The truth is that there is private spending and private investment and some of it is good and some is not good and some of it is bad. There is also public spending and public investment, and some of it is good and some of it is not good and some of it is bad.

IT TAKES GOOD judgment to spend and invest wisely, be it publicly or privately. But that kind of judgment cannot be made at all if we react, like Pavlo's dogs, to the prejudiced sound of words.

S.F. May Get Fullmer-Pender Bout

By PATRICK McNULTY

LAS VEGAS (AP)—NBA middleweight champion Gene Fullmer's one good eye was fixed firmly today on Paul Pender's limited version of the 160-pound crown.

Sugar Ray Robinson, his 21-year-career perhaps finished by Fullmer in their nationally televised Donnybrook, was glumly considering his future.

Fullmer, his left eye closed tight by a Robinson right, said before leaving for his Utah mink ranch: "I'd like to fight Pender and clear up the muddled middleweight picture. The division should have an undisputed champion."

Norman Rothschild, a co-promoter of Saturday's bloody brawl, said there was a good chance of a Fullmer-Pender title fight in June at the Las Vegas convention center where Fullmer whipped Robinson in their fourth meeting Saturday night.

Marv Jensen, Fullmer's manager, said his champion would agree to meet Pender anywhere except New York and Massachusetts, where the Boston Irishman is recognized as champion.

Jensen said Pender would have to agree to the challenger's end of the purse because "We have something he wants. We don't need him. He needs us."

San Francisco was mentioned as possible site for a Pender-Fullmer battle. Jenson commented: "I haven't forgotten the big gate Carmen Basilio and Fullmer drew at the Cow Palace. When we get down to cases you can be sure San Francisco won't be overlooked."

The Robinson camp was bitterly critical of the battle which destroyed the 40-year-old ex-champion's hopes of regaining the crown for an unprecedented sixth time.

They objected especially to the third round, when Fullmer bombed a dazed and hurt Robinson for several seconds after the bell.

Robinson had gotten in trouble when he tried to beat Fullmer to the punch, but fired late. Fullmer sent him reeling into the ropes from a looping overhand right.

The muscular Mormon was all over Robinson and clubbed the battered ex-champ 22 times before the bell sounded. He then slammed at Robinson, battered and helpless against the ropes, until Robinson's manager, George Gainford, jumped into the ring with two seconds and rescued their man.

The rugged champion set a furious, wild-swinging pace, but Robinson ralled after his third-round beating and finished the nationally televised 15-rounder slamming toe-to-toe.

The cards gave Fullmer the decision unanimously, but the ring announcement was misunderstood at ringside. For a few chaotic moments, some thought Robinson had won.

The battle was a rich pay day for both fighters. There was a $140,000 gate and $150,000 television money. Fullmer got 40 per cent of the gate and $60,000 of the TV money. Robinson got 25 per cent of the gate and $50,000 television money.

Yogi's Pain In Neck Good Sign For Yanks

By U.P. INTERNATIONAL

Yogi says it happens once a year—and the Yankees are hoping he's right.

That would be a sprained neck muscle which began bothering Berra, the "old man" of the Yankees, on Saturday but wasn't discovered until Sunday when Yogi reported to Miller Huggins Field in St. Petersburg, Fla., with his head twisted to one side.

"I think it is the same thing as last year," the 35-year-old catcher said. "It seems to be in the same place."

However, Dr. Sidney Gaynor, Yankee team physician, disagreed. He called it nothing more than a stiff neck and prescribed heat treatment and rest.

Last July, Yogi suffered a pinched tendon in his neck and was sidelined for two weeks, just as he had emerged from a batting slump and had raised his average to .302.

"I don't know how it happened this time," explained Berra. "I batted, ran and then caught batting practice. I was running lightly in the outfield when I suddenly felt a pain in the neck. This is nothing new with me, though, I get a bad neck once every year."

GOOD NEWS

"That's certainly good news," quipped Manager Ralph Houk. "Let's hope this is the only time this year."

Berra wasn't the only player to move over to the sidelines as the injury bug struck Carl Yastrezemski, rookie Boston Red Sox star; Ken Hamlin and Steve Bilko of the Los Angeles Angels; rookie outfielder Manly Johnson of the Chicago White Sox and Coach Ray Katt of the St. Louis Cardinals.

Yastrezmski, the heralded youngster who is being groomed to take Ted Williams' place in left field for the Red Sox, suffered a painful bruise on his left hand during a batting session against "Mechanical Mike" yesterday and will be out of action for at least a few days.

FALLEN ANGELS

Hamlin, who is expected to play shortstop for the Angels, sprained an ankle when he stepped into a hole while fielding a ground ball. Bilko, the hulking first baseman, has a sore right elbow suffered a couple of days ago while fielding a grounder. He played in an intra-squad game on Saturday and banged two home runs, but the elbow became so sore yesterday he had to sit it out. Other Angels who are ailing are outfielders Jim McAnany and Leo Burke.

Perhaps the most serious injury of all was suffered by Johnson who sustained a possible fracture of the left wrist when he crashed into the right field wall while chasing a long smash by Billy Hicks during a White Sox intra-squad game. X-rays and other treatment were scheduled.

BROKEN NOSE

Katt, the former catcher, suffered a broken nose when he was struck by a foul ball off the bat of Stan Musial which sliced through the netting of the batting cage.

Elsewhere, rookie catcher Joe Torre signed with the Braves, leaving outfielder Wes Covington, infielder Felix Mantilla and catcher Merritt Ranew on the holdout list . . . relievers Roy Face and Bobby Shantz joined Vern Law in two innings of perfect pitching in an eight inning intra-squad game at the world champion Pittsburgh Pirates base in Fort Myers . . . Wally Post socked the Cincinnati Reds' first homer of the spring in leading his squad to victory in an intra-squad game . . . Rookie Ted Thiem was the best pitcher in the Kansas City A's team exhibition. . .

PITCHERS STAR

Veteran pitchers Robin Roberts and Frank Sullivan pleased Philadelphia Philies Manager Gene Mauch with sparkling mound chores . . . Tommy Davis and Norm Sherry were the hitting heroes in the Los Angeles Dodgers' intra-squad game . . . an overflow crowd of 4,000 turned out at Pompano Beach, Fla., to see the Washington Senators' team game, the first exhibition there by a major league club . . . a total of eight pitchers saw action in a 12-inning Baltimore Orioles intra-squad game at Miami . . . and fine pitching by Don (No-Hit) Cardwell and Joe Schaffernoth tickled the Chicago Cubs' eight-man coaching staff.

Dark Starts 'Skull' Tests With Giants

PHOENIX, Ariz. (AP) — The San Francisco Giants go from conditioning to practice plays this week as they prepare for their Desert League exhibition opener. "They're in shape," said Manager Alvin Dark Sunday. "Beginning Monday we'll see who knows how to play this game."

In the meantime, Sunday's day of rest was enlivened by tales of derring-do by Billy Loes, the reliever from Brooklyn.

Some Loes observations:

On umpires—"The only time I was tossed out of a game last season was by a guy on whose behalf I had attended an off-season banquet. That's gratitude for you." And, "Did you ever try arguing with a Japanese umpire? It was bad enough that a guy called Mr. Moto hits a homer off me the first time I threw the ball."

EXHIBITION TOUR

Loes played an exhibition tour in Japan with the Giants last year.

About Japan he comments, "They got so many people over there, they overload the airplanes so they can't take off and every year there's this ferry boat that sinks because they get 3,000 people on it . . . And cab drivers! They're all ex-kamikaze pilots. They told me if a guy gets up after they run over him, they back up and finish the job."

McCormick Flatly Picks Giants To Win Pennant In Close Race

HANLEY

PHOENIX, Ariz.—Mike McCormick, without any ifs, ands or buts, says the Giants are going to win the 1961 pennant.

"The league will be much better this year as a whole because it will be better balanced," said the poised southpaw who, at 22, is now a six-year major league veteran.

"It's going to be a tight race. One right down to the wire. And I know we'll win it."

McCormick believes the Giants would have won the pennant last year if they had not been over-confident. What happened in 1960?

"Well, for one thing, I think some felt all we had to do was to throw our gloves on the field," said McCormick. "There's no cocky attitude like that in spring camp this year."

What happened to McCormick himself last season? He was 5-0 on May 13 and three of those early season victories were shutouts. By June 3, his record still was a brilliant 7-3 and his ERA on that date was just as brilliant, 1.39.

Then, from June 3 through the middle of August, McCormick completed only one game in 14 starts and lost that one when Ed Bailey belted him for ninth inning homer in Cincinnati's Crosley Field.

"WHAT HAPPENED?" Mike repeated the question. "I was pitching the same as I was when I strung those five-in-a-row together. But I was losing by one run. There were a couple of bad games for me in June when the Braves kayoed me in the fifth, and Pittsburgh got to me in the first inning.

"Other than those two games, however, I wasn't yielding more than one or two runs but that wasn't good enough to win. Take for instance my first loss last year. It was to the Braves in Milwaukee on May 18. I had previously beaten them in Candlestick Park on May 2—a four-hit shutout.

"We left 12 men on base in that May 18 game and the Braves beat us 3-1, two of their runs being unearned."

WILL THE Braves be tough again this year?

"They're always tough but I think they gave up too much in the outfield (the Billy Bruton trade.)"

And the Pirates, what about them?

"Everything went right for them. They must have won at least 30 or more games by one run and late inning rallies last year. You got to admire a fighting team that wins by one run but you also must admit they had a bountiful supply of luck.

"Take Vern Law, for example. He went the full route for an 8-7 decision against us in one game last season. I'm not trying to take any credit from Law, but you must admit those Pirates took their pitchers off the hook time and again in the late frames."

McCormick does not believe the Pirates will have another year like they did in 1960.

"THAT KIND of season, where everyone seems to be doing everything right all of the time, doesn't happen often but when it does it means the pennant as it did for Pittsburgh last year," said McCormick.

Mike rates Los Angeles as a front runner and warns that "St. Louis, Chicago and Cincy" shouldn't be underrated, especially those Cubs "if their pitchers come through as they can."

As for McCormick himself? What kind of season does Mike envision.

"I feel it is going to be my best," said 1960's ERA king of the National League. "I always have that feeling but this year there seems to be something special about it."

'ABUSIVE TIRADES'

Nevada Commission Irked At Robinson

LAS VEGAS (UPI)—Sugar Ray Robinson, who had his head and body pummeled by bullish Gene Fullmer Saturday night, may get his hands slapped today by the Nevada Boxing Commission.

The commission met this morning to consider disciplinary action against the 40-year-old boxing veteran for his behaviour prior to losing a unanimous 15-round decision to Fullmer, the National Boxing Assn. middleweight champion.

The commission could fine or suspend or do both to the former five-time champion, but it was believed he would only be reprimanded.

The commission has charged Sugar Ray for being responsible for the "abusive tirades against the commission" by his chief aide, George Gainford, and other members of the Robinson entourage.

Commissioner John Gammick said the group's meeting would be to discuss Robinson's threat of a walkout and complaints about the size of the ring, the weight of the gloves and several other disturbances.

"Before the fight we were unanimous that we must do something," Gammick said. After the bout, in which Robinson put up such a game fight, some of us thought he had already paid enough of a penalty in being beaten and perhaps we should do nothing.

'We TOOK ABUSE'

We wanted to see the fight go and that's why we took the abuse that was dished out to us," he said.

The commission met yesterday morning and Gammick said two members of the group favored some "drastic action" against Ray, but another was in a more lenient mood and one was undecided about what should be done.

Co-promoter Norman Rothchild said Robinson is scheduled to pick up his money at 2 p.m. today and there were no indications his purse would be held up.

Housewife Wins $74,933 Payoff At Agua Caliente

AGUA CALIENTE, Mexico (UPI) — Mrs. Helen Johnson, a 40-year-old housewife from Siloam Springs, Ark., is $74,933 richer today for picking six out of six winners in the 5-10 handicapping contest at Caliente race track.

Mrs. Johnson, who now lives in San Diego, made sure she had enough money to buy a hot dog before she bought her 5-10 tickets yesterday at the south-of-the-border track.

"I bet on the first two races and lost," she said. "Then I decided to play the 5-10. I played it one before, but I lost. I didn't have much confidence and I knew I'd be hungry so I saved enough to by myself a hot dog.

"I don't know what I'll do with all this money. Right now I'm too nervous even to phone my husband."

U. S. Hockey Team Beaten By Russ

GENEVA, Switzerland (AP)—Beaten in all three of its starts, the defending champion United States team was virtually eliminated from the World Ice Hockey Tournament today.

Canada and Russia, two teams with completely contrasting styles were the favorites to battle it out for the title.

The United States has lost to both. The Russians clobbered the Yanks, 13-2, and yesterday, the Canadians whipped them, 7-4. Russia stayed even with Canada—each with a 3-0 record in group A—by routing Finland, 7-3.

Czechoslovakia also is tied with Canada and Russia with a 3-0 mark, good for six points. But the Czecks haven's played either of the favorites yet.

MARIN RUNNER WINS DISTANCE RACE IN S.F.

Wearing the banner of the Marin Athletic Club, Darryl Beardall yesterday won the Pacific Assn. AAU 15-kilometer championship run around Lake Merced in San Francisco. He was clocked at 51 minutes, 24.8 seconds.

Beardall jumped off to a fast start, took the early lead in the field of 20 runners, and led all the way, bucking a strong head wind over most of the course.

Jerry Laird of Santa Clara was second and Craig Spillman of the San Francisco Athletic Club third. SFAC won the team trophy.

Other Marin A. C. Entries were John Weidinger, who placed eight in 57:54, and Jack Kirk 15th in 64:11.

Redwood Beaten By Lincoln In Baseball Opener

Redwood High School Giants got some lusty hitting but poor pitching Saturday as they opened their practice baseball schedule against Lincoln High of San Francisco. The Links had a field day in their 18-10 victory, capitalizing on 19 walks and two hit batsmen.

Coach Al Endriss ordered control workouts for his Redwood mound staff this week, but expressed satisfaction with his batsmen, especially junior Steve Joses and sophomore Jim Troppmann.

In Saturday's game Joses had four straight hits while Troppmann was batting three for three, including a double.

EXHIBITION TOUR

Loes played an exhibition tour in Japan with the Giants last year.

About Japan he comments, "They got so many people over there, they overload the airplanes so they can't take off and every year there's this ferry boat that sinks because they get 3,000 people on it . . . And cab drivers! They're all ex-kamikaze pilots. They told me if a guy gets up after they run over him, they back up and finish the job."

McCormick Flatly Picks Giants To Win Pennant In Close Race

HANLEY

PHOENIX, Ariz.—Mike McCormick, without any ifs, ands or buts, says the Giants are going to win the 1961 pennant.

"The league will be much better this year as a whole because it will be better balanced," said the poised southpaw who, at 22, is now a six-year major league veteran.

"It's going to be a tight race. One right down to the wire. And I know we'll win it."

McCormick believes the Giants would have won the pennant last year if they had not been over-confident. What happened in 1960?

"Well, for one thing, I think some felt all we had to do was to throw our gloves on the field," said McCormick. "There's no cocky attitude like that in spring camp this year."

What happened to McCormick himself last season? He was 5-0 on May 13 and three of those early season victories were shutouts. By June 3, his record still was a brilliant 7-3 and his ERA on that date was just as brilliant, 1.39.

Then, from June 3 through the middle of August, McCormick completed only one game in 14 starts and lost that one when Ed Bailey belted him for ninth inning homer in Cincinnati's Crosley Field.

"WHAT HAPPENED?" Mike repeated the question. "I was pitching the same as I was when I strung those five-in-a-row together. But I was losing by one run. There were a couple of bad games for me in June when the Braves kayoed me in the fifth, and Pittsburgh got to me in the first inning.

"Other than those two games, however, I wasn't yielding more than one or two runs but that wasn't good enough to win. Take for instance my first loss last year. It was to the Braves in Milwaukee on May 18. I had previously beaten them in Candlestick Park on May 2—a four-hit shutout.

"We left 12 men on base in that May 18 game and the Braves beat us 3-1, two of their runs being unearned."

WILL THE Braves be tough again this year?

"They're always tough but I think they gave up too much in the outfield (the Billy Bruton trade.)"

And the Pirates, what about them?

"Everything went right for them. They must have won at least 30 or more games by one run and late inning rallies last year. You got to admire a fighting team that wins by one run but you also must admit they had a bountiful supply of luck.

"Take Vern Law, for example. He went the full route for an 8-7 decision against us in one game last season. I'm not trying to take any credit from Law, but you must admit those Pirates took their pitchers off the hook time and again in the late frames."

McCormick does not believe the Pirates will have another year like they did in 1960.

"THAT KIND of season, where everyone seems to be doing everything right all of the time, doesn't happen often but when it does it means the pennant as it did for Pittsburgh last year," said McCormick.

Mike rates Los Angeles as a front runner and warns that "St. Louis, Chicago and Cincy" shouldn't be underrated, especially those Cubs "if their pitchers come through as they can."

As for McCormick himself? What kind of season does Mike envision.

"I feel it is going to be my best," said 1960's ERA king of the National League. "I always have that feeling but this year there seems to be something special about it."

'ABUSIVE TIRADES'

Nevada Commission Irked At Robinson

LAS VEGAS (UPI)—Sugar Ray Robinson, who had his head and body pummeled by bullish Gene Fullmer Saturday night, may get his hands slapped today by the Nevada Boxing Commission.

The commission met this morning to consider disciplinary action against the 40-year-old boxing veteran for his behaviour prior to losing a unanimous 15-round decision to Fullmer, the National Boxing Assn. middleweight champion.

The commission could fine or suspend or do both to the former five-time champion, but it was believed he would only be reprimanded.

The commission has charged Sugar Ray for being responsible for the "abusive tirades against the commission" by his chief aide, George Gainford, and other members of the Robinson entourage.

Commissioner John Gammick said the group's meeting would be to discuss Robinson's threat of a walkout and complaints about the size of the ring, the weight of the gloves and several other disturbances.

"Before the fight we were unanimous that we must do something," Gammick said. After the bout, in which Robinson put up such a game fight, some of us thought he had already paid enough of a penalty in being beaten and perhaps we should do nothing.

'We TOOK ABUSE'

We wanted to see the fight go and that's why we took the abuse that was dished out to us," he said.

The commission met yesterday morning and Gammick said two members of the group favored some "drastic action" against Ray, but another was in a more lenient mood and one was undecided about what should be done.

Co-promoter Norman Rothchild said Robinson is scheduled to pick up his money at 2 p.m. today and there were no indications his purse would be held up.

Housewife Wins $74,933 Payoff At Agua Caliente

AGUA CALIENTE, Mexico (UPI) — Mrs. Helen Johnson, a 40-year-old housewife from Siloam Springs, Ark., is $74,933 richer today for picking six out of six winners in the 5-10 handicapping contest at Caliente race track.

Mrs. Johnson, who now lives in San Diego, made sure she had enough money to buy a hot dog before she bought her 5-10 tickets yesterday at the south-of-the-border track.

"I bet on the first two races and lost," she said. "Then I decided to play the 5-10. I played it one before, but I lost. I didn't have much confidence and I knew I'd be hungry so I saved enough to by myself a hot dog.

"I don't know what I'll do with all this money. Right now I'm too nervous even to phone my husband."

U. S. Hockey Team Beaten By Russ

GENEVA, Switzerland (AP)—Beaten in all three of its starts, the defending champion United States team was virtually eliminated from the World Ice Hockey Tournament today.

Canada and Russia, two teams with completely contrasting styles were the favorites to battle it out for the title.

The United States has lost to both. The Russians clobbered the Yanks, 13-2, and yesterday, the Canadians whipped them, 7-4. Russia stayed even with Canada—each with a 3-0 record in group A—by routing Finland, 7-3.

Czechoslovakia also is tied with Canada and Russia with a 3-0 mark, good for six points. But the Czecks haven's played either of the favorites yet.

MARIN RUNNER WINS DISTANCE RACE IN S.F.

Wearing the banner of the Marin Athletic Club, Darryl Beardall yesterday won the Pacific Assn. AAU 15-kilometer championship run around Lake Merced in San Francisco. He was clocked at 51 minutes, 24.8 seconds.

Beardall jumped off to a fast start, took the early lead in the field of 20 runners, and led all the way, bucking a strong head wind over most of the course.

Jerry Laird of Santa Clara was second and Craig Spillman of the San Francisco Athletic Club third. SFAC won the team trophy.

Other Marin A. C. Entries were John Weidinger, who placed eight in 57:54, and Jack Kirk 15th in 64:11.

Callison Captures City Golf Title

SAN FRANCISCO (UPI) — Verne Callison of Sacramento fired sub-par golf in a heavy rain yesterday to win the San Francisco city golf championship.

The 42-year-old veteran and current public links champion beat George Archer, 4 and 3, at Harding Park. He went 33 holes in two-under-par, on the 36 hole final.

Archer, Harding Club champ, was never in contention — although he made his best effort of the tourney with a one-under par on his home layout.

Redwood Beaten By Lincoln In Baseball Opener

Redwood High School Giants got some lusty hitting but poor pitching Saturday as they opened their practice baseball schedule against Lincoln High of San Francisco. The Links had a field day in their 18-10 victory, capitalizing on 19 walks and two hit batsmen.

Coach Al Endriss ordered control workouts for his Redwood mound staff this week, but expressed satisfaction with his batsmen, especially junior Steve Joses and sophomore Jim Troppmann.

In Saturday's game Joses had four straight hits while Troppmann was batting three for three, including a double.

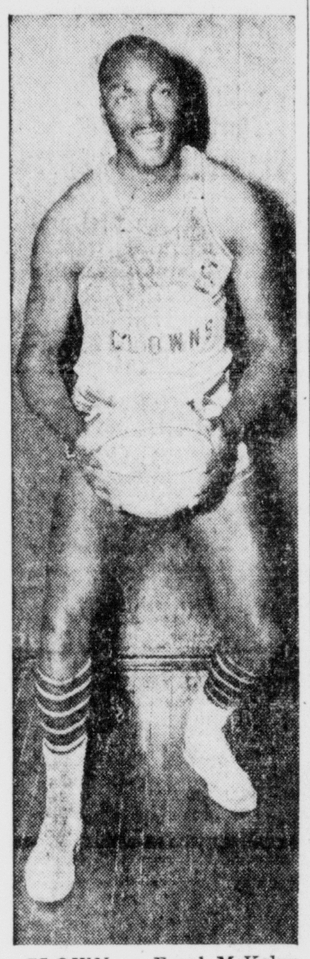
BASKETBALL ROUNDUP

Cal, Stanford Must Face Mighty Troy

By U.P. INTERNATIONAL

California and Stanford both have dates with mighty Southern California this weekend at Los Angeles and all the coaches involved have good reason to ask, "is this trip necessary?" The Trojans sewed up the Big Five title and a spot in the NCAA tournament Saturday by trouncing the Indians 79-6-, after beating UCLA in overtime the previous night.



CLOWN — Eural McKelvy (above), 6-foot-7 star of the barnstorming Harlem Clowns basketball team, will lead his mates against the Hamilton Air Force Base Defenders tomorrow night at Novato High School gymnasium, 8 o'clock. Admission to the game is $1.50 for adults, $1 students and 50 cents for children under 12 years of age.

This gave "Old S.C." an 8-2 mark in the league and 19-5 on the season. Nobody can catch 'em now and they face an "at large" opponent in the NCAA Regionals at Portland March 15.

The race is just about over, also, in the West Coast Athletic Conference where Loyola seems destined for a trip to the regionals. The Lions only have to knock off Pepperdine (3-8) tomorrow to cinch things. The University of San Francisco (7-3) is the last outfit in contention and could force a tie and a playoff if the Peps happened to surprise Loyola while the Dons beat Santa Clara Tuesday and University of Pacific Wednesday.

PEPS NOT EASY

Upsets always roam the WCAC, however. St. Mary's bombed the Lions, 92-61, for example this season and Pepperdine is not too easy.

Chris Appel stole the spotlight from John Rudometkin Saturday as the Trojans were downing Stanford, 79-61. The deft guard meshed 26 points for 21 for "Rudo". Southern California pocketed 10 of its first 12 field goal attempts.

In other scattered action, San Jose bounced St. Mary's out of WCAC contention, 74-72, UCLA nicked Washington, 84-68, Seattle defeated the Buchan Bakers, 93-86, Pepperdine tripped University of the Pacific in double over-time, 81-80; Oregon downed Washington State, 76-68.

Bill Yonge connected on a 35 foot jump shot with three seconds left to give San Jose its upset win over St. Mary's. The Gaels led by four points at the half and the lead changed four times in the final three minutes.

King To Substitute In Liston Fight

MIAMI BEACH, Fla. (AP) — Sonny Liston has a new opponent for his Wednesday night fight at Miami Beach Auditorium.

Instead of taking on young Jack Johnson, the ranking heavyweight will fight Howard King instead.

King punched himself into the fight.

He was Johnson's sparring partner and got too rough, opening a cut inside Johnson's moth Saturday. Johnson had to go to a hospital, and King agreed to take over the Wednesday night chores with Liston.

Carpentier, Thesz Clash In Richmond

Edouardo Carpentier, colorful champion from France, will defend his world's wrestling title against Lou Theze tonight at Richmond Auditorium.

The bout is billed for one hour, with two falls deciding the outcome.

Ramon Torres and Art Neilson tangle in the scheduled 30 minute semi-final.

Shagg Thomas meets Stan Holek and Mr. Kleen duels Joe Swiderski in the preliminaries.

First bout gets underway at 8:30 p.m.

CINCY REDLEGS BATTING STRENGTH

Here are four outfielders expected to do most of the power hitting for the Cincinnati Redlegs this season. From left: Vada Pinson, 20 home runs in 1960; Gus Bell, 12 homers; Frank Robinson, 31 homers and Wally Post, 17 circuit smashes. Team is training at Tampa, Fla. (AP Wirephoto)

Poor Swing, But Sanders Cops Tourney

NEW ORLEANS, La. (AP) — Doug Sanders, despite an often-criticized swing, a set of woods "net worth $7.50" and a 15-month victory drought, popped up among golf's leading money winners today after winning the $30,000 Greater New Orleans Open invitational tournament.

Sanders, 27, a Georgian by birth who lives in Florida and plays out of Ojai, Calif., employed his abbreviated, staccato swing to near perfection for a four-round total of 272, good enough for a five-stroke bulge.

Gay Brewer Jr., of Crystal River, Fla., who had his troubles on the final day, and Mac Main of Danville, Va., who didn't have any, tied for the runnerup spot at 277.

South Africa's Gary Player and Johnny Pott of Shreveport, La., trailed at 280 with tournament favorite Arnold Palmer of Miami, Fla., heading a group of 283.

LONG DROUGHT

The winner's check of $4,300 was welcomed in the Sanders household, the first Sanders has won since December 1959. Not that the Sanders' bankroll is depleted—no, indeed. The jackpot hiked his 1961 earnings to $13,594, second only to Palmer and Player.

Sanders had four rounds of 68-65-60-70 for a total only two away from the tournament record set last year by Dow Finsterwald.

Palmer, finishing out of the top five for the first time this year when he has played the full 72 holes, just couldn't fathom the greens on the City Park No. 1 course that stretches 6,569 yards.

Main, yet to win a nickel in official money on the tour this year, was the big surprise, earning his tie for second with a final round 67. Brewer.

CAL, ST. MARY'S STARS NAMED ON ALL-COAST

SAN FRANCISCO (UPI) — Frank Burgess of Gonzaga, John Rudometkin of Southern California and Tom Meschery of St. Mary's easily nailed down first team berths on the United Press International all-Pacific Coast basketball squad which was announced today.

Other spots on the starting five went to Bill McClintock of California and Eddie Miles of Seattle.

The second team consists of Bill Hanson, Washington; Ed Bento, Loyola; Charlie Warren, Oregon; Gary Cunningham, UCLA, and Chris Appel, Southern California.

On the "extra man" team it's Dave Mills of Seattle, Karl Andersen of Oregon State; Ken Stanley, University of the Pacific; Ron Lawson, UCLA; Earl Shultz, California, and Bill Garner of Portland.

Invitational Golf Tourney Slated April 9 At Marin

Official bids are being mailed this week for the Ames Invitation Golf Tournament April 9th to more than 160 northern California golfers. Tournament Chairman Fred O'Bannon declares that Marin Golf Club course will be in perfect condition for the 18-hole medal play tournament. O'Bannon further stated that from the tentative acceptances already received "the event will be a regular dog fight."

Doug Cowan, sponsor of the tournament, said the event, which he hopes to make an annual affair, will be a fun time for golfers to provide funds for the Marin County Society for Crippled Children and Adults, Inc.

Tars Lose Twin-Bill In Baseball Openers

College of Marin's baseball team opened its Golden Valley Conference season Saturday, but Coach Ed Grimm isn't too happy.

The powerful Shasta College Knights invaded Kentfield and handed the Tars a sound thrashing in a double-header, 13-0 in the opener and 20-4 in the nightcap.

Errors and wild pitching were Marin's woes, but Grimm says he expects improvement when some of the school's basketball players return from the state tournament next week and don flannels.

Eddie Virgo, who had trouble at shortstop with five of Marin's eight errors in the first game, was Marin's batting star of the day, getting two of Marin's three hits in the opener and two more in the second game.

Triples by Frank Lopez and Carl Hardin and doubles by Dave Moyer and Vigno in the nightcap were ibg blows, but they couldn't offset the wild pitching. Six Marin hurlers issued 17 walks in that second game.

It's Difficult To See How Dark Can Bring Pennant To The Giants

CONNOLLY

PHOENIX—Let's grant Alvin Dark, new San Francisco Giant skipper everything in the line of genius, but how he can be asked or expected to plop into first or second place with the 1961 assortment is something none of the horn tooters has been able to sell me.

To begin with, the history of baseball reveals that very few ball clubs ever won a pennant without a couple of great pitchers capable of turning in at least 35 to 40 victories between them.

I'm convinced that it is going take a real wrecking crew of hitters to allow Mike McCormick, Jack Sanford, Sam Jones or Juan Marichal to tack up 20 victories apiece.

If you examine the records of the Giants you'll find that with the exception of Willie Mays and Harvey Kuenn, the club has a lot of hot-air hitters.

You must admit, if you examine the records, that the Giants need a hard hitting shortstop. Eddie Bressoud may prove his worth defensively, but if he can't hit, he'll have to step aside for somebody who can.

THE SAME goes for Jimmy Davenport, a great defensive third baseman but nothing to squeal about with the bat. Now if the Giants have to carry two weak but effective defensive infielders, they're going to need a helluva lot of hitting from their second baseman and their first baseman.

I wouldn't bet a thin dime that Willie McCovey wins the first base job, but I would bet a couple of kopecks that Orlando Cepeda gets the call back to first before long.

IT ISN'T going to be easy to leave McCovey out of the lineup if he can hit regularly. But a flyweight could belt him out of the lineup if he doesn't hit and hit hard and often.

Kuenn is the big man and the big puzzle with the Giants. He's coming here with the same saviour ideas the club had last year when they lined up Don Blasingame. Nn one in his right mind would have said last spring that Blasingame would fall part as a hitter and as an infielder. But he did.

Kuenn could, but I don't think he will, parallel the case of Blasingame.

CERTAINLY MY best wishes go to the Giants and Dark. But Pittsburgh, Milwaukee, L. A., Philadelphia, Chicago and St. Louis are all very likely to be in the 1961 pennant scramble.

It is quite strange that all of a sudden the National League managers are thinking of basic baseball for a change: In all the camps the fundamentals are being given some attention and I wouldn't be surprised to see the bunt and some base stealing creep into the play before long.

Low-Salt Diet

- Tubal Pregnancy
- Polio Discoverer
- Humidity

Q. Are frozen vegetables suitable for persons on a low-salt diet?

A. Some are—others may not be. Brine is used in processing some frozen vegetables, especially peas and lima beans. This adds a substantial amount of salt to the vegetables.

Q. What causes tubal pregnancy and how is it treated?

A. Previous inflammation of the pelvic organs is one cause but in many cases the cause is unknown. Tubal pregnancy requires surgery and it is often necessary to remove the involved tube. Sometimes it is possible to surgically remove the product of conception without removing the tube. It has been stated that a woman becoming pregnant following a tubal pregnancy risks a recurrent tubal pregnancy in 50 per cent of cases.

Q. Is Dr. Sabin, the originator of the new oral polio vaccine, an American?

A. Dr. Sabin was born in Bialyatok, which is now a part of Poland, but was then under Czarist Russia. He came to the United States as a youth and has been a U. S. citizen since 1930.

Q. Would keeping a pan of water on the radiator help moisten bedroom air?

A. It wouldn't do much good. It may take as much as a quart of water to moisten the air in a closed bedroom of ordinary size. This amount of water is supplied by a boiling tea kettle in 30 minutes or by an electric steamer in an hour or so. The humidification produced by pans of water, even on the radiator, is hardly worth mentioning. Even when bedroom air is comfortably moist, the moisture escapes when the door is opened and the humidity promptly falls to that of other rooms of the house.

NEW ORLEANS, La. (AP) — Doug Sanders, despite an often-criticized swing, a set of woods "net worth $7.50" and a 15-month victory drought, popped up among golf's leading money winners today after winning the $30,000 Greater New Orleans Open invitational tournament.

Sanders, 27, a Georgian by birth who lives in Florida and plays out of Ojai, Calif., employed his abbreviated, staccato swing to near perfection for a four-round total of 272, good enough for a five-stroke bulge.

Gay Brewer Jr., of Crystal River, Fla., who had his troubles on the final day, and Mac Main of Danville, Va., who didn't have any, tied for the runnerup spot at 277.

South Africa's Gary Player and Johnny Pott of Shreveport, La., trailed at 280 with tournament favorite Arnold Palmer of Miami, Fla., heading a group of 283.

LONG DROUGHT

The winner's check of $4,300 was welcomed in the Sanders household, the first Sanders has won since December 1959. Not that the Sanders' bankroll is depleted—no, indeed. The jackpot hiked his 1961 earnings to $13,594, second only to Palmer and Player.

Sanders had four rounds of 68-65-60-70 for a total only two away from the tournament record set last year by Dow Finsterwald.

Palmer, finishing out of the top five for the first time this year when he has played the full 72 holes, just couldn't fathom the greens on the City Park No. 1 course that stretches 6,569 yards.

Main, yet to win a nickel in official money on the tour this year, was the big surprise, earning his tie for second with a final round 67. Brewer.

Invitational Golf Tourney Slated April 9 At Marin

Official bids are being mailed this week for the Ames Invitation Golf Tournament April 9th to more than 160 northern California golfers. Tournament Chairman Fred O'Bannon declares that Marin Golf Club course will be in perfect condition for the 18-hole medal play tournament. O'Bannon further stated that from the tentative acceptances already received "the event will be a regular dog fight."

Doug Cowan, sponsor of the tournament, said the event, which he hopes to make an annual affair, will be a fun time for golfers to provide funds for the Marin County Society for Crippled Children and Adults, Inc.

Tars Lose Twin-Bill In Baseball Openers

College of Marin's baseball team opened its Golden Valley Conference season Saturday, but Coach Ed Grimm isn't too happy.

The powerful Shasta College Knights invaded Kentfield and handed the Tars a sound thrashing in a double-header, 13-0 in the opener and 20-4 in the nightcap.

Errors and wild pitching were Marin's woes, but Grimm says he expects improvement when some of the school's basketball players return from the state tournament next week and don flannels.

Eddie Virgo, who had trouble at shortstop with five of Marin's eight errors in the first game, was Marin's batting star of the day, getting two of Marin's three hits in the opener and two more in the second game.

Triples by Frank Lopez and Carl Hardin and doubles by Dave Moyer and Vigno in the nightcap were ibg blows, but they couldn't offset the wild pitching. Six Marin hurlers issued 17 walks in that second game.

It's Difficult To See How Dark Can Bring Pennant To The Giants

CONNOLLY

PHOENIX—Let's grant Alvin Dark, new San Francisco Giant skipper everything in the line of genius, but how he can be asked or expected to plop into first or second place with the 1961 assortment is something none of the horn tooters has been able to sell me.

To begin with, the history of baseball reveals that very few ball clubs ever won a pennant without a couple of great pitchers capable of turning in at least 35 to 40 victories between them.

I'm convinced that it is going take a real wrecking crew of hitters to allow Mike McCormick, Jack Sanford, Sam Jones or Juan Marichal to tack up 20 victories apiece.

If you examine the records of the Giants you'll find that with the exception of Willie Mays and Harvey Kuenn, the club has a lot of hot-air hitters.

You must admit, if you examine the records, that the Giants need a hard hitting shortstop. Eddie Bressoud may prove his worth defensively, but if he can't hit, he'll have to step aside for somebody who can.

THE SAME goes for Jimmy Davenport, a great defensive third baseman but nothing to squeal about with the bat. Now if the Giants have to carry two weak but effective defensive infielders, they're going to need a helluva lot of hitting from their second baseman and their first baseman.

I wouldn't bet a thin dime that Willie McCovey wins the first base job, but I would bet a couple of kopecks that Orlando Cepeda gets the call back to first before long.

IT ISN'T going to be easy to leave McCovey out of the lineup if he can hit regularly. But a flyweight could belt him out of the lineup if he doesn't hit and hit hard and often.

Kuenn is the big man and the big puzzle with the Giants. He's coming here with the same saviour ideas the club had last year when they lined up Don Blasingame. Nn one in his right mind would have said last spring that Blasingame would fall part as a hitter and as an infielder. But he did.

Kuenn could, but I don't think he will, parallel the case of Blasingame.

CERTAINLY MY best wishes go to the Giants and Dark. But Pittsburgh, Milwaukee, L. A., Philadelphia, Chicago and St. Louis are all very likely to be in the 1961 pennant scramble.

It is quite strange that all of a sudden the National League managers are thinking of basic baseball for a change: In all the camps the fundamentals are being given some attention and I wouldn't be surprised to see the bunt and some base stealing creep into the play before long.

WHAT DOCTORS SAY ABOUT:

Better Health Through Knowledge

Low-Salt Diet

- Tubal Pregnancy
- Polio Discoverer
- Humidity

Q. Are frozen vegetables suitable for persons on a low-salt diet?

A. Some are—others may not be. Brine is used in processing some frozen vegetables, especially peas and lima beans. This adds a substantial amount of salt to the vegetables.

Q. What causes tubal pregnancy and how is it treated?

A. Previous inflammation of the pelvic organs is one cause but in many cases the cause is unknown. Tubal pregnancy requires surgery and it is often necessary to remove the involved tube. Sometimes it is possible to surgically remove the product of conception without removing the tube. It has been stated that a woman becoming pregnant following a tubal pregnancy risks a recurrent tubal pregnancy in 50 per cent of cases.

Q. Is Dr. Sabin, the originator of the new oral polio vaccine, an American?

A. Dr. Sabin was born in Bialyatok, which is now a part of Poland, but was then under Czarist Russia. He came to the United States as a youth and has been a U. S. citizen since 1930.

Q. Would keeping a pan of water on the radiator help moisten bedroom air?

A. It wouldn't do much good. It may take as much as a quart of water to moisten the air in a closed bedroom of ordinary size. This amount of water is supplied by a boiling tea kettle in 30 minutes or by an electric steamer in an hour or so. The humidification produced by pans of water, even on the radiator, is hardly worth mentioning. Even when bedroom air is comfortably moist, the moisture escapes when the door is opened and the humidity promptly falls to that of other rooms of the house.

Mill Valley Woman Loses In Bid For Demo Council Presidency

I-J Special Report

SANTA MONICA — Tom B. Carvey Jr. of Palos Verdes Estates won the presidency of the California Democratic Council yesterday by defeating Mrs. Nancy Swadesh of Mill Valley.

The vote was 1169 to 654. Although the final tally was recorded as unanimous.

The young department manager for the Hughes Aircraft Co. out-polled his Mill Valley opponent in every congressional district from Stockton south. Mrs. Swadesh won nine of the 10 northern districts, losing the Fifth District in San Francisco. The First Congressional District, which includes Marin and six other north coastal counties, went for Mrs. Swadesh 67 to 2.

In his acceptance speech, Carvey paid tribute to his opponent in the campaign battle, the first contested election for president the CDC has had in its eight-year history. He said Mrs. Swadesh had been "specific and eloquent" on the issues. Calling her "a truly fine Democratic worker."

Mrs. Swadesh pledged her support to the new president and authorized Franklin Williams, assistant attorney general of Palo Alto, who had nominated her, to go before the convention and move to make the vote unanimous.

Another Mill Valley resident, Gerald Hill, was more successful in his race for the regional vice presidency to succeed Mrs. Nancy Strawbridge of Belvedere.

Hill defeated William Brown of Sacramento, a real estate appraiser for the state, by a vote of 86 to 45. The Fifth Region, of which Marin is a part, is composed of the First, Second and Third Congressional Districts.

Hill lost the second district by a 12 to 25 vote and the third district by 5 to 20. But he carried the First District unanimously, 69 to 0.

John F. Dunlap, Napa attorney, was elected first district director to replace Hill.

Other Marinites took leadership roles in the annual convention. For the second year, Bennet Skewes-Cox of Ross was chairman of the foreign policy section of the CDC issues conference.

He presided at a marathon session Saturday night in which the nearly 400 Democrats who discussed this phase of their party's activities in 20 different sessions tried to agree on a final report.

In a session which took three hours to reach agreement on only five paragraphs of a 22-paragraph report, Skewes-Cox was badgered by parliamentary maneuvering which ended in the delegates agreeing (by a two-vote margin) to dispense with all debate on the last 17 paragraphs. Yesterday, the entire convention of 1,872 delegates and as many alternates, adopted the statement as CDC policy, changing only two paragraphs but adding two others.

Robert Harmon of Belvedere was a section moderator in the foreign policy section. Hans Schiller of Mill Valley helped draft the education section report. Hill wrote the history of the CDC which will appear in the journal of the convention's proceedings.

The final session yesterday toned down a policy statement calling for immediate admission of Red China to the United Nations and its recognition by the United States.

The convention agreed to an amendment by Sen. Richard Richards (D-Los Angeles). It approved the view of Adlai Stevenson, U.S. ambassador to the U.N., that recent U.N. votes "point to eventual admission of Communist China to the United Nations."

The reference to U.S. recognition of mainland China was deleted.

Delegates, however, retained other declarations:

1. Urging a start toward gradual and total universal disarmament under U.N. control and inspection.

2. Asking the United States to continue its moratorium on nuclear testing until a permanent world ban is worked out.

3. Commending "the proposition that the self-interests of the Soviet Union do not inevitably call for military aggression and that 'honorable' negotiations are both possible and necessary."

On state issues, the convention endorsed Governor Brown's narcotics program, including heavier penalties for violators. A proposal to recommend a $1.25 an hour minimum wage for farm workers was rejected.

The final statement of policy also opposed anti-pornography legislation, called for a national health insurance program and state supervision of private medical insurance plans and urged repeal of the law permitting California farmers to hire Mexican nationals.

Judge Watching Women Sluggers

Two women from Fairfax, caught Thursday morning slugging it out with each other near Hamilton Air Force Base, tiptoed into court Friday and told the judge they are "the best of friends."

Pauline Edith Randall, 31, of 155 Olema Drive, and Doloris Santos, 38, of 219 Scenic Road, acknowledged they may have been causing a disturbance that night but they are sure they can get along together on friendly terms hereafter.

Judge Harold J. Haley of Marin Municipal Court continued the case until April 14 to see how they behave. If no further trouble has occurred, the judge indicated charges would be dismissed.

Gang Of Hoods Invades Gym, Slashes Sofa

A gang of motorcycle-jacketed juveniles, one of them wielding a switchblade knife, attempted to "take over" Vic Tanny's gymnasium in San Rafael Saturday night, according to manager William J. Evert.

Six youths between the ages of 15 and 18 swaggered into the gym at 823 Fourth Street at about 8:30 p.m., Evert told San Rafael police. Two of them stayed at the front door, two walked around the room and a third pair went into a back room, he said.

When he approached the two in the back room and told them they could not enter unless they were members, one of them said, "Look, dad, we just want to look around."

Evert agreed to show them around if they would form a group, to which they replied, "No, man."

When he ordered them out, Evert said, one of them pulled an open switchblade knife and said, "How would you like some of this?"

At this, Evert told police, several of the youths began to run, then all ran out the front door.

As he followed them out, Evert said he discovered an 18-inch slash in a sofa in the front office. He estimated the damage at about $180.

Police surrounded the area but failed to see anyone answering Evert's description.

Miller Opposes Highway Feature

Democratic Congressman Clem Miller of Corte Madera said today he will oppose one feature of President Kennedy's federal highway program.

Miller "strongly opposes" the president's proposal to abandon a scheduled one-cent cut in the present four-cents a gallon federal gasoline tax. He said he is opposed to high federal gas taxes because he sees the gas tax as one of the few sources state and local governments have to support local road systems.

"I believe the federal share of highway costs should come from general tax funds," said Miller.

The European hare is an extremely swift runner, having been clocked at 45 miles per hour top speed.

Hats Of Today, Yesteryear Are Modeled At Triple C Luncheon

By MAYBELLE SPECKMANN

Hats designed and created by Mrs. Sherburne Elster, formerly of Mill Valley, were modeled at Wednesday's fashion-show tea sponsored by the Mill Valley Community Church Club.

About 80 members and guests attended the successful fund raising event arranged by program chairman Mrs. John C. Burnham.

Except for one young Mill Valley girl, Shelley Mac Donald, models were a group of six of Mrs. Elster's friends living in the Bay Area, which accounted partly for the ideal matching of hat styles and colors to the owners.

Shelley was lovely as a bride in a costume featuring a single rose headpiece made of the veiling that fell shoulder length, and also as a bridesmaid in a champagne colored ensemble with tiny doll hat and veil. Also perfect on her was a yellow leghorn Breton with wreath of red currants.

In the rest of the collection was a wide variety of shapes including the coachman breton, turban, all-flower cloche, peaked cap, pouffs of starched veiling (one in royal blue containing 12 yards) and the pill boxes made so popular this year by the new first lady, as well as some of the very new side draped styles.

A "Show Stopper" was a dusty rose cocktail hat with blocked veiling crown and peek-through brim of curled, stripped ostrich feathers.

Among others receiving much favorable comment were a white pill box with black and white medallion at the center front, a white straw garden hat with side shower of red currants, and a side draped green hat accented at the dipped point with red velvet strawberries.

HUMOROUS TOUCH

Providing a humorous touch in the parade and creating for some nostalgia for the romantic styles of yesteryear were two complete costumes modeled by Mrs. Laura Leach of San Mateo, whose wardrobe of authentic to the last detail period styles is famous in the Bay Area.

One was a 1912 summer suit in pale blue with enormous lampshade hat. The other was a pink organza-like gown of the Lillian Russell era with sweeping train, a lacy straw picture hat and frilly parasol. A complete surprise were the black hose embroidered in pink flowers.

Mrs. Elster, who is opening a new shop in Napa, where she now lives, provided her own commentary wearing a pink soft brimmed straw with flowers in back and another she made of a scarf having a french poodle design, which was sent to her from Paris.

James Goettsche, a young composer and pianist who recently came to Mill Valley, played background music.

NEW MEMBERS

During the very brief business meeting conducted by Triple C president Mrs. Gilbert Barnes two new members presented with carnation corsages were Mrs. Evans G. Valens and Mrs. J. Paul Hurd.

In the audience greeted by many old friends were Mrs. Otto Von Seggern, now living in Sacramento, and Mrs. Alan Mey, daughter of a past Triple C president, Mrs. W. M. Everhart. The Meys recently moved to Mill Valley from Santa Rosa with their two children, three-year-old Margie and two-year-old Duane.

Mrs. John Hurley decorated the tea table with flowering quince and pink camellias and other tables with centerpieces of daffodils and camellias.

Mrs. Joel Gustafson was in charge of the appointed tea, assisted by Mesdames Simeon Smith, Allen Shurlock and G. W. Stutzman.

Mill Valley Woman Loses In Bid For Demo Council Presidency

I-J Special Report

SANTA MONICA — Tom B. Carvey Jr. of Palos Verdes Estates won the presidency of the California Democratic Council yesterday by defeating Mrs. Nancy Swadesh of Mill Valley.

The vote was 1169 to 654. Although the final tally was recorded as unanimous.

The young department manager for the Hughes Aircraft Co. out-polled his Mill Valley opponent in every congressional district from Stockton south. Mrs. Swadesh won nine of the 10 northern districts, losing the Fifth District in San Francisco. The First Congressional District, which includes Marin and six other north coastal counties, went for Mrs. Swadesh 67 to 2.

In his acceptance speech, Carvey paid tribute to his opponent in the campaign battle, the first contested election for president the CDC has had in its eight-year history. He said Mrs. Swadesh had been "specific and eloquent" on the issues. Calling her "a truly fine Democratic worker."

Mrs. Swadesh pledged her support to the new president and authorized Franklin Williams, assistant attorney general of Palo Alto, who had nominated her, to go before the convention and move to make the vote unanimous.

Another Mill Valley resident, Gerald Hill, was more successful in his race for the regional vice presidency to succeed Mrs. Nancy Strawbridge of Belvedere.

Hill defeated William Brown of Sacramento, a real estate appraiser for the state, by a vote of 86 to 45. The Fifth Region, of which Marin is a part, is composed of the First, Second and Third Congressional Districts.

Hill lost the second district by a 12 to 25 vote and the third district by 5 to 20. But he carried the First District unanimously, 69 to 0.

John F. Dunlap, Napa attorney, was elected first district director to replace Hill.

Other Marinites took leadership roles in the annual convention. For the second year, Bennet Skewes-Cox of Ross was chairman of the foreign policy section of the CDC issues conference.

He presided at a marathon session Saturday night in which the nearly 400 Democrats who discussed this phase of their party's activities in 20 different sessions tried to agree on a final report.

In a session which took three hours to reach agreement on only five paragraphs of a 22-paragraph report, Skewes-Cox was badgered by parliamentary maneuvering which ended in the delegates agreeing (by a two-vote margin) to dispense with all debate on the last 17 paragraphs. Yesterday, the entire convention of 1,872 delegates and as many alternates, adopted the statement as CDC policy, changing only two paragraphs but adding two others.

Robert Harmon of Belvedere was a section moderator in the foreign policy section. Hans Schiller of Mill Valley helped draft the education section report. Hill wrote the history of the CDC which will appear in the journal of the convention's proceedings.

The final session yesterday toned down a policy statement calling for immediate admission of Red China to the United Nations and its recognition by the United States.

The convention agreed to an amendment by Sen. Richard Richards (D-Los Angeles). It approved the view of Adlai Stevenson, U.S. ambassador to the U.N., that recent U.N. votes "point to eventual admission of Communist China to the United Nations."

The reference to U.S. recognition of mainland China was deleted.

Delegates, however, retained other declarations:

1. Urging a start toward gradual and total universal disarmament under U.N. control and inspection.

2. Asking the United States to continue its moratorium on nuclear testing until a permanent world ban is worked out.

3. Commending "the proposition that the self-interests of the Soviet Union do not inevitably call for military aggression and that 'honorable' negotiations are both possible and necessary."

On state issues, the convention endorsed Governor Brown's narcotics program, including heavier penalties for violators. A proposal to recommend a $1.25 an hour minimum wage for farm workers was rejected.

The final statement of policy also opposed anti-pornography legislation, called for a national health insurance program and state supervision of private medical insurance plans and urged repeal of the law permitting California farmers to hire Mexican nationals.

Judge Watching Women Sluggers

Two women from Fairfax, caught Thursday morning slugging it out with each other near Hamilton Air Force Base, tiptoed into court Friday and told the judge they are "the best of friends."

Pauline Edith Randall, 31, of 155 Olema Drive, and Doloris Santos, 38, of 219 Scenic Road, acknowledged they may have been causing a disturbance that night but they are sure they can get along together on friendly terms hereafter.

Judge Harold J. Haley of Marin Municipal Court continued the case until April 14 to see how they behave. If no further trouble has occurred, the judge indicated charges would be dismissed.

Seniors Reach Scholar Finals

Three seniors at Dominican Upper School have reached the finals of the California State Scholarship Commission competition for college scholarships.

They are Brooke Skinner, daughter of Mr. and Mrs. James Skinner of 25 Mann Drive, Kentfield; Carol Lyons, daughter of Mr. and Mrs. James Lyons of 10 Deer Park Lane, San Rafael and Marcia Noltner of San Francisco.

Final winners for scholarships ranging up to $900 will be selected in April.

Gang Of Hoods Invades Gym, Slashes Sofa

A gang of motorcycle-jacketed juveniles, one of them wielding a switchblade knife, attempted to "take over" Vic Tanny's gymnasium in San Rafael Saturday night, according to manager William J. Evert.

Six youths between the ages of 15 and 18 swaggered into the gym at 823 Fourth Street at about 8:30 p.m., Evert told San Rafael police. Two of them stayed at the front door, two walked around the room and a third pair went into a back room, he said.

When he approached the two in the back room and told them they could not enter unless they were members, one of them said, "Look, dad, we just want to look around."

Evert agreed to show them around if they would form a group, to which they replied, "No, man."

When he ordered them out, Evert said, one of them pulled an open switchblade knife and said, "How would you like some of this?"

At this, Evert told police, several of the youths began to run, then all ran out the front door.

As he followed them out, Evert said he discovered an 18-inch slash in a sofa in the front office. He estimated the damage at about $180.

Police surrounded the area but failed to see anyone answering Evert's description.

Miller Opposes Highway Feature

Democratic Congressman Clem Miller of Corte Madera said today he will oppose one feature of President Kennedy's federal highway program.

Miller "strongly opposes" the president's proposal to abandon a scheduled one-cent cut in the present four-cents a gallon federal gasoline tax. He said he is opposed to high federal gas taxes because he sees the gas tax as one of the few sources state and local governments have to support local road systems.

"I believe the federal share of highway costs should come from general tax funds," said Miller.

Mrs. Mulcahy Bride Of Fred G. Wade

Mrs. Ramona Mulchay of Mill Valley, who has been organist at Sabella's for nine years, and is also well known for her playing at many charitable and club affairs in the county, was married to Fred G. Wade of San Francisco, Saturday, March 4, at the Chapel in the Presidio, San Francisco.

Unable to attend was the bride's daughter, Mrs. John Burden, who lives with her husband at Remuda Ranch, the well known dude ranch they own at Wickenberg, Ariz.

The new Mrs. Wade has three grandchildren, and her husband, who is a certified public accountant in the U.S. Civil Service at Fort Mason, San Francisco, has four grandchildren.

Hats Of Today, Yesteryear Are Modeled At Triple C Luncheon

By MAYBELLE SPECKMANN

Hats designed and created by Mrs. Sherburne Elster, formerly of Mill Valley, were modeled at Wednesday's fashion-show tea sponsored by the Mill Valley Community Church Club.

About 80 members and guests attended the successful fund raising event arranged by program chairman Mrs. John C. Burnham.

Except for one young Mill Valley girl, Shelley Mac Donald, models were a group of six of Mrs. Elster's friends living in the Bay Area, which accounted partly for the ideal matching of hat styles and colors to the owners.

Shelley was lovely as a bride in a costume featuring a single rose headpiece made of the veiling that fell shoulder length, and also as a bridesmaid in a champagne colored ensemble with tiny doll hat and veil. Also perfect on her was a yellow leghorn Breton with wreath of red currants.

In the rest of the collection was a wide variety of shapes including the coachman breton, turban, all-flower cloche, peaked cap, pouffs of starched veiling (one in royal blue containing 12 yards) and the pill boxes made so popular this year by the new first lady, as well as some of the very new side draped styles.

A "Show Stopper" was a dusty rose cocktail hat with blocked veiling crown and peek-through brim of curled, stripped ostrich feathers.

Among others receiving much favorable comment were a white pill box with black and white medallion at the center front, a white straw garden hat with side shower of red currants, and a side draped green hat accented at the dipped point with red velvet strawberries.

HUMOROUS TOUCH

Providing a humorous touch in the parade and creating for some nostalgia for the romantic styles of yesteryear were two complete costumes modeled by Mrs. Laura Leach of San Mateo, whose wardrobe of authentic to the last detail period styles is famous in the Bay Area.

One was a 1912 summer suit in pale blue with enormous lampshade hat. The other was a pink organza-like gown of the Lillian Russell era with sweeping train, a lacy straw picture hat and frilly parasol. A complete surprise were the black hose embroidered in pink flowers.

Mrs. Elster, who is opening a new shop in Napa, where she now lives, provided her own commentary wearing a pink soft brimmed straw with flowers in back and another she made of a scarf having a french poodle design, which was sent to her from Paris.

James Goettsche, a young composer and pianist who recently came to Mill Valley, played background music.

NEW MEMBERS

During the very brief business meeting conducted by Triple C president Mrs. Gilbert Barnes two new members presented with carnation corsages were Mrs. Evans G. Valens and Mrs. J. Paul Hurd.

In the audience greeted by many old friends were Mrs. Otto Von Seggern, now living in Sacramento, and Mrs. Alan Mey, daughter of a past Triple C president, Mrs. W. M. Everhart. The Meys recently moved to Mill Valley from Santa Rosa with their two children, three-year-old Margie and two-year-old Duane.

Mrs. John Hurley decorated the tea table with flowering quince and pink camellias and other tables with centerpieces of daffodils and camellias.

Mrs. Joel Gustafson was in charge of the appointed tea, assisted by Mesdames Simeon Smith, Allen Shurlock and G. W. Stutzman.

50 State Republican Women In Washington For Conclave

More than 50 California Republican women representing all levels of the Party organization arrived in Washington Friday for the Ninth Annual Republican Women's Conference.

The conference, which will last until tomorrow attracted more than 1,500 women from the 50 states for political workshop sessions and special events.

The Northern California delegation is led by Mrs. Campbell Watson of Berkeley, vice chairman of the California Republican State Central Committee.

The group includes Mesdames Carl Erickson of Hickman, vice chairman, Republican State Central Committee; Merritt Hosmer of San Carlos, president, California Federation of Republican Women; Donald Krotz of Orinda, president, California Federation of Republican Women—Northern Area; John Donahy of Fresno; Lee Sherry of San Anselmo; Miss Jane Zimmerman of San Francisco; Mrs. Esther Cooley Page of Berkeley; Mrs. Cam Weyande of Oakland; Mrs. Henry Dalezal of Ripon; Mrs. Robert Harner of Atwater; Mrs. Ila Grace Matzen of Napa; Mrs. Frank Petzold of Sacramento and Mrs. Clay Long of Red Bluff.

Speakers for the three-day meeting include several GOP senators and congressmen and Republican National Committee Chairman, Thruston B. Morton. Mrs. Clare B. Williams, assistant chairman, Republican National Committee, will preside.

The California delegation will spend a full day with their California congressmen in a work session. Following this the women will be entertained by Senator and Mrs. Thomas H. Kuchel. This will be a highlight of the trip for the women from California.

Women Voter Unit Meets Announced

Mrs. James Heassler, unit chairman of the League of Women Voters of Mill Valley, announces that the regular schedule of discussion units will be followed with tomorrow's meeting at the home of Mrs. Stanley Anderson, 12 Somerset Lane; Wednesday's, at 225 Eldridge, home of Mrs. S. I. Hayakawa; and the Thursday unit in Belvedere at 36 Peninsula Road, residence of Mrs. Edgar Chiswell.

All meetings begin at 10 a.m., and baby-sitting arrangements have been arranged.

Mrs. Heassler urges all interested women to attend the meetings to learn the facts concerning government in Marin, California, the nation and the world.

The subject of this series of unit meetings is the master plans of the two Southern Marin areas served by the Mill Valley League.

Only at the Thursday unit will the Tiburon Peninsula Master Plan be reviewed by Mrs. Donald Robinson's Belvedere-Tiburon Workshop. At the other two units members of the Mill Valley workshop, including Mesdames A. E. Buri, William Sheehan, Rodney Hartman and Richard Devereaux, will conclude the discussion of the North Ridge proposals, Project 17 and the circulation pattern of East Blithedale Avenue—all relating to the Mill Valley Master Plan.

Following the meeting, refreshments were served.

'Informally Yours' Fashion Show Greets GOP Women

"Tomorrow's Fashions Today" were very much in the present Wednesday at Bob's of Marin when the Republican Women of Marin were welcomed for luncheon with fashions "Informally Yours."

The high styles presented at the luncheon benefit were coordinated by Sara Campbell from a San Rafael Women's shop and fashioned especially for all women in the public's eye — whether politically, socially, or career-minded.

Mrs. Harry Diner, who with Mrs. Henry Sherry, organized the event for the Republican Women and their guests, announced a donation from the proceeds of the luncheon will be presented to the Terra Linda Marindale School for handicapped children.

Models for the fashion promenade were chosen from the sponsoring groups ranks and the Mannequin League of Marin. And highlights of the high-fashion show were: THE:

BEAUTY of the brilliant blue warped print taffeta cocktail sheath and Mrs. William Walker. The Lorrie Deb frock featured a dropped waist of blue silk chiffon.

GLAMOUR of Mrs. William Deeths of Mannequin League and the glowing shocking pink after-dark sheath of pure silk with skirt draped in an over panel effect.

CORRECTNESS of chic Mrs. Gordon Ness modeling a lemon-ice shirtmaker day dress of decron, the full skirt an eye catcher with eyelet embroidery on the wide, wide hem.

PERFECTION of style of the cerulean blue silk organza with applique detail of fitted bodice and Mrs. Melvin Stidham.

PICTURE perfect ensemble of fashion-wise Mrs. John De Muth choosing a beige sun-silk sheath dress with printed midriff which matched the lining of coat of same spun sun-silk.

VOGUE look of Mannequin League members Mesdames: Corky Jones, William Donohoe, William Morrisey, Norman Sanguinetti, George Coburn who also modeled styles topical of all the fashions in Wednesday's show, which were notable for head to toe completeness — clothes for morning, noon, night.

March 15 is the date for a special showing of swim suits at Bob's of Marin's "Informally Yours" luncheon-fashions, sponsored by the Gentryettes of Sir Francis Drake High School.

Reservations for the Wednesday, March 15 benefit at 12:30 p.m. to which the public is invited, may be made with Bob's of Marin.

'View' Show To Feature Moreau, Musical Mood

"Allegro Vivace," the vivid, vivacious spring collection of the talented young San Francisco designer, Moreau, adds an expectant, exciting tempo to "Fashions With a View" from the Ondine on Thursday.

Allegro Vivace also aptly expresses the mood of the six attractive "guests with the same viewpoint." Their shared philosophy. The current drive of the San Francisco Symphony Foundation for 5,000 new memberships will be a smashing success if everybody is aware of the Symphony Foundation and its purpose.

Welcomed will be Mrs. Carl G. Brown Jr., chairman of Marin's San Francisco Symphony Foundation drive and her co-chairman Mrs. George McKenna. Joining them from San Francisco will be Mrs. George Otto, Mrs. Alan Rosenberg and Mrs. Harold Chase, the city co-chairmen and Mrs. Richard C. Ham, Symphony Foundation board member.

In his baton waving salute to the Symphony Foundation, Moreau has created "Stacatto," a bold black and white sheath, "Mazurka," a romantic waltz dress, and "Concerto" a costume ensemble for town. In fact, every conversation-causing Moreau original from his "Allegro Vivace" collection conveys a musical message.

Fashionable counterpoint will be original chapeaux created by Marjorie Jackson and custom footwear by Walter Way to compliment the Moreau designs modeled by Mesdames William Morrisey III, Edwin Callan, Robert L. Wood Jr., Robert Roat, John Bellamy Jr. and Christine Bailey.

Reservations to enjoy the musical mood of the Moreau collection and meet the young designer may be made by calling the Ondine in Sausalito.

'View' Show To Feature Moreau, Musical Mood

"Allegro Vivace," the vivid, vivacious spring collection of the talented young San Francisco designer, Moreau, adds an expectant, exciting tempo to "Fashions With a View" from the Ondine on Thursday.

Allegro Vivace also aptly expresses the mood of the six attractive "guests with the same-viewpoint." Their shared philosophy. The current drive of the San Francisco Symphony Foundation for 5,000 new memberships will be a smashing success if everybody is aware of the Symphony Foundation and its purpose.

Welcomed will be Mrs. Carl G. Brown Jr., chairman of Marin's San Francisco Symphony Foundation drive and her co-chairman Mrs. George McKenna. Joining them from San Francisco will be Mrs. George Otto, Mrs. Alan Rosenberg and Mrs. Harold Chase, the city co-chairmen and Mrs. Richard C. Ham, Symphony Foundation board member.

In fact, every conversation-causing Moreau original from his "Allegro Vivace" collection conveys a musical message.

Fashionable counterpoint will be original chapeaux created by Marjorie Jackson and custom footwear by Walter Way to compliment the Moreau designs modeled by Mesdames William Morrisey III, Edwin Callan, Robert L. Wood Jr., Robert Roat, John Bellamy Jr. and Christine Bailey.

Visit To Your Old Grade School Will Bring Back Many Memories

Want some fun? Then go back to your old elementary school. Walk through the halls. Sit at the desks. Revive your memories.

I am going through my old school now. Here are some marble steps, almost worn through. They were new when I first ran up them. Here is the room in which I learned to read. It seems quaint now. It has a small closet, dark woodwork, and little windows. We used to hide in the closet until the teacher cured us by locking us in. It was scary.

Next is a classroom I'll never forget. I'd been bad. The teacher told me to wait outside until she had time to scold me. I stepped out, straight into are arms of an angry principal. At the same moment my favorite aunt turned up, for she had come to visit my class. It was life's darkest moment. I still sweat when I think of it.

The principal's office used to seem palatial. Now it looks dinky cluttered. The entry has been changed, but that is all. Some time ago I got the original knob from the door which I use as a paperweight on my desk. I remember vividly hanging on to that knob, wishing I didn't have to open the door and go in. I always hated to confess to the principal that I'd been bad again. The knob is a daily reminder to me. My job is to help children in trouble. I know how it feels.

The old playground is still dusty. The big kids continue to lord it over the small ones. Little girls still chase little boys. And the noon hour is still too short for sports-minded sixth grade boys.

The more things change, the more they become the same. Visit your elementary school. You'll be charmed.

Man Who Helped State Save Gets On History Roll

A Corte Madera resident, who figured out a way to save the state $2,500 annually in truck license tabs, will have his name entered in the "Historical Annals of the State of California," according to a letter he received last week.

The letter came to William P. Campana of 19 Mohawk Avenue, who works as transportation rate expert for the Public Utilities Commission office in San Francisco. Campana also received a $250 cash award.

Campana's idea, adopted by the state, is to have trucker's licenses stenciled on the side of the truck instead of having metal plates issued.

Newton E. Wise, secretary of the State Merit Award Board in Sacramento, wrote to Campana this week that the Corte Maderan's name will be in the state's historical annals.

Short-Weight Issue Comes Under Scrutiny

By JOHN CHAMBERS

Is a pound a pound, and does it have to be a pound?

This question regarding regulation of short-weighting in packaged goods was a hot issue today as weights and measures sealers marked the close of National Weights and Measures Week (March 1 through 7).

State Consumer Counsel Helen Nelson of Mill Valley has repeatedly attacked the 1957 regulation authorizing the director of agriculture to permit deficiency tolerances in the weight of packaged food products.

"Deficiency tolerance is only technical jargon for shortweight," Mrs. Nelson declared. "It permits county sealers to allow short-weight packages just so the average package meets the weight stated on the label."

She has compared the ruling with playing roulette at the frozen food bin and meat counter. Some customers would get overweight packages, some stated weight and others would get underweight packages.

Not so, retorted Kenneth B. Brown, Marin County sealer of weights and measures.

"We (the sealers) will not tolerate shortweight or measure in any fashion," he said.

Brown insisted that the formula used in sampling shipments in California is almost foolproof.

Under the 1957 law sealers are allowed to sample several packages of a given shipment and make their conclusions from the sampling. Mrs. Nelson agrees that sampling is necessary as the "only sensible thing to do."

Sand Brown: "By using this formula devised by expert statisticians we can project the sampling to determine whether the whole lot is acceptable or not." He added the formula will show deviations of weight, but all the packages must still be above the stated weight.

"There is only one chance in 1,000 of being wrong under this formula," he said.

"If the sampling shows that the shipment is shortweight we impound it," Brown said. "If the producer wants it released, it is up to him to locate the packages which are acceptable."

A bill introduced by Assemblyman James Mills of San Diego at the current session would amend the 1957 law by deleting the provision allowing the director of agriculture to adopt rules governing procedures to be followed by sealers in measuring packages.

It would also take away the director's power to establish "tolerances" for weights and measures and would require sealers to stop the sale of any products in packages which contain less than the stated measure. The bill is in the Assembly committee on agriculture, but has not come up for hearing.

"I think the Mills bill goes too far," said Mrs. Nelson. "The director needs the authority to make regulations, but I agree with Mills that so-called tolerances should be eliminated."

Study Finds No Advantage In School Boundary Change

A Marin Estates committee has found no advantage to a proposed change in the boundaries of the Reed and Larkspur School Districts within Marin Estates.

In reaching this conclusion, the committee predicted that unification of Marin school districts can be expected soon—possibly within five years.

Study of the boundary problem was undertaken last November by the committee, formed by the directors of the Marin Estates Home Owners Assn. The Marin Estates area lies within both Reed and Larkspur School Districts, although the residents have common interests in all other civic and community matters, the committee report points out.

H. S. Norville, secretary, will officially present the report at the association's annual meeting at 8 p.m. next Friday at Neil Cummins School.

President Earl Hart will give the annual report, and other reports on tract improvement and landscaping also will be presented. Nine directors will be elected.

The study committee's report and conclusions have been approved by a majority of the directors.

Study of the problem included discussion of the desireability of continuing the present division of Marin Estates under two school districts; the desirability of transferring the Larkspur District area to the Reed; the desirability of transferring the Reed District area to the Larkspur District.

Most significant factor affecting any proposed change in school boundaries, the committee said, is state legislation requiring all counties to submit plans by 1963 for unification of school districts.

The committee foresees the possible combination within a reasonable time of Reed, Larkspur, and other nearby districts in creation of one or more unified districts of the territory of Tamalpais High School District.

Because of this, the committee could find no advantage to a boundary change at this time.

The committee report includes comparative data for Larkspur and Reed districts—enrollment, curriculum, policies, budget, time-distance factors.

Either district would benefit financially if that portion of Marin Estates within it, were transferred to the other district, the report states. "This is because revenues to the districts from the taxes on residences in Marin Estates does not approach the cost of sending our children to school," the report explains.

However, shifting pupils from one district to the other would result in overcrowding in the district to which they were transferred, the report points out.

Reed had 1,233 pupils last October and expects 2,126 by 1965. Larkspur had 1,668 in October, and estimates 2,500 by 1965.

Both Reed and Larkspur districts follow the state curriculum outline. Each provides grouping (or individual attention) within a classroom. "Enrichment" is provided to capable students through special study assignements or grouping of classes, and in summer school. Both districts have comparable grading systems, classroom discipline, regulations and homework policies, and only slightly varying extracurricular activities, the study indicates.

Reed has double sessions in the kindergarten in Belvedere and Bel Aire Schools. Larkspur has double sessions in all kindergartens and in second grades at Neil Cummins School.

Reed has an average 25 pupils per class in grades 1-8 and Larkspur averages 30.

Reed District's total tax rate is $2.55 per $100 of assessed valuation. Larkspur's is $2.10. These figures include general purpose taxes and those for special purposes.

The report notes that both districts have very similar assessed valuation: $17,667,265 in Reed and $17,021,700 in Larkspur. Because both districts receive state and federal funds in varying amounts, in addition to local tax revenue, the actual dollar amount used in the general purpose fund in each district is very similar. Reed uses 70.1 per cent for instructional purposes, and Larkspur, 70.2.

Reed pays a higher salary for a beginning teacher, ($4,800 per year, compared with $4,500 in Larkspur) but this becomes equal in the fourth year of experience, and in nine years, Larkspur pays more ($6,900 compared with $6,400 for Reed).

Larkspur has a maximum of $9,000 after 12 years, and Reed a maximum of $8,225 after 13 years.

Both districts offer bus transportation only at specifically scheduled times, making after-school activities a problem in terms of transportation, the report notes. Reed has higher transportation costs because of breater distance to schools.

Members of the school boundary study committee are Norville, who lives at 126 Granada Drive, Mrs. David Storm of 85 Granada Drive and Curtis Kamai of 33 El Camino.

Visit To Your Old Grade School Will Bring Back Many Memories

Want some fun? Then go back to your old elementary school. Walk through the halls. Sit at the desks. Revive your memories.

I am going through my old school now. Here are some marble steps, almost worn through. They were new when I first ran up them. Here is the room in which I learned to read. It seems quaint now. It has a small closet, dark woodwork, and little windows. We used to hide in the closet until the teacher cured us by locking us in. It was scary.

Next is a classroom I'll never forget. I'd been bad. The teacher told me to wait outside until she had time to scold me. I stepped out, straight into are arms of an angry principal. At the same moment my favorite aunt turned up, for she had come to visit my class. It was life's darkest moment. I still sweat when I think of it.

The principal's office used to seem palatial. Now it looks dinky cluttered. The entry has been changed, but that is all. Some time ago I got the original knob from the door which I use as a paperweight on my desk. I remember vividly hanging on to that knob, wishing I didn't have to open the door and go in. I always hated to confess to the principal that I'd been bad again. The knob is a daily reminder to me. My job is to help children in trouble. I know how it feels.

The old playground is still dusty. The big kids continue to lord it over the small ones. Little girls still chase little boys. And the noon hour is still too short for sports-minded sixth grade boys.

The more things change, the more they become the same. Visit your elementary school. You'll be charmed.

Man Who Helped State Save Gets On History Roll

A Corte Madera resident, who figured out a way to save the state $2,500 annually in truck license tabs, will have his name entered in the "Historical Annals of the State of California," according to a letter he received last week.

The letter came to William P. Campana of 19 Mohawk Avenue, who works as transportation rate expert for the Public Utilities Commission office in San Francisco. Campana also received a $250 cash award.

Campana's idea, adopted by the state, is to have trucker's licenses stenciled on the side of the truck instead of having metal plates issued.

Newton E. Wise, secretary of the State Merit Award Board in Sacramento, wrote to Campana this week that the Corte Maderan's name will be in the state's historical annals.

Short-Weight Issue Comes Under Scrutiny

By JOHN CHAMBERS

Is a pound a pound, and does it have to be a pound?

This question regarding regulation of short-weighting in packaged goods was a hot issue today as weights and measures sealers marked the close of National Weights and Measures Week (March 1 through 7).

State Consumer Counsel Helen Nelson of Mill Valley has repeatedly attacked the 1957 regulation authorizing the director of agriculture to permit deficiency tolerances in the weight of packaged food products.

"Deficiency tolerance is only technical jargon for shortweight," Mrs. Nelson declared. "It permits county sealers to allow short-weight packages just so the average package meets the weight stated on the label."

She has compared the ruling with playing roulette at the frozen food bin and meat counter. Some customers would get overweight packages, some stated weight and others would get underweight packages.

Not so, retorted Kenneth B. Brown, Marin County sealer of weights and measures.

"We (the sealers) will not tolerate shortweight or measure in any fashion," he said.

Brown insisted that the formula used in sampling shipments in California is almost foolproof.

Under the 1957 law sealers are allowed to sample several packages of a given shipment and make their conclusions from the sampling. Mrs. Nelson agrees that sampling is necessary as the "only sensible thing to do."

Sand Brown: "By using this formula devised by expert statisticians we can project the sampling to determine whether the whole lot is acceptable or not." He added the formula will show deviations of weight. but all the packages must still be above the stated weight.

"There is only one chance in 1,000 of being wrong under this formula," he said.

"If the sampling shows that the shipment is shortweight we impound it," Brown said. "If the producer wants it released, it is up to him to locate the packages which are acceptable."

A bill introduced by Assemblyman James Mills of San Diego at the current session would amend the 1957 law by deleting the provision allowing the director of agriculture to adopt rules governing procedures to be followed by sealers in measuring packages.

It would also take away the the director's power to establish "tolerances" for weights and measures and would require sealers to stop the sale of any products in packages which contain less than the stated measure. The bill is in the Assembly committee on agriculture, but has not come up for hearing.

"I think the Mills bill goes too far," said Mrs. Nelson. "The director needs the authority to make regulations, but I agree with Mills that so-called tolerances should be eliminated."

Study Finds No Advantage In School Boundary Change

A Marin Estates committee has found no advantage to a proposed change in the boundaries of the Reed and Larkspur School Districts within Marin Estates.

In reaching this conclusion, the committee predicted that unification of Marin school districts can be expected soon—possibly within five years.

Study of the boundary problem was undertaken last November by the committee, formed by the directors of the Marin Estates Home Owners Assn. The Marin Estates area lies within both Reed and Larkspur School Districts, although the residents have common interests in all other civic and community matters, the committee report points out.

H. S. Norville, secretary, will officially present the report at the association's annual meeting at 8 p.m. next Friday at Neil Cummins School.

President Earl Hart will give the annual report, and other reports on tract improvement and landscaping also will be presented. Nine directors will be elected.

The study committee's report and conclusions have been approved by a majority of the directors.

Study of the problem included discussion of the desireability of continuing the present division of Marin Estates under two school districts; the desirability of transferring the Larkspur District area to the Reed; the desirability of transferring the Reed District area to the Larkspur District.

Most significant factor affecting any proposed change in school boundaries, the committee said, is state legislation requiring all counties to submit plans by 1963 for unification of school districts.

The committee foresees the possible combination within a reasonable time of Reed, Larkspur, and other nearby districts in creation of one or more unified districts of the territory of Tamalpais High School District.

Because of this, the committee could find no advantage to a boundary change at this time.

The committee report includes comparative data for Larkspur and Reed districts—enrollment, curriculum, policies, budget, time-distance factors.

Either district would benefit financially if that portion of Marin Estates within it, were transferred to the other district, the report states. "This is because revenues to the districts from the taxes on residences in Marin Estates does not approach the cost of sending our children to school," the report explains.

However, shifting pupils from one district to the other would result in overcrowding in the district to which they were transferred, the report points out.

Reed had 1,233 pupils last October and expects 2,126 by 1965. Larkspur had 1,668 in October, and estimates 2,500 by 1965.

Both Reed and Larkspur districts follow the state curriculum outline. Each provides grouping (or individual attention) within a classroom. "Enrichment" is provided to capable students through special study assignements or grouping of classes, and in summer school. Both districts have comparable grading systems, classroom discipline, regulations and homework policies, and only slightly varying extracurricular activities, the study indicates.

Reed has double sessions in the kindergarten in Belvedere and Bel Aire Schools. Larkspur has double sessions in all kindergartens and in second grades at Neil Cummins School.

Reed has an average 25 pupils per class in grades 1-8 and Larkspur averages 30.

Reed District's total tax rate is $2.55 per $100 of assessed valuation. Larkspur's is $2.10. These figures include general purpose taxes and those for special purposes.

The report notes that both districts have very similar assessed valuation: $17,667,265 in Reed and $17,021,700 in Larkspur. Because both districts receive state and federal funds in varying amounts, in addition to local tax revenue, the actual dollar amount used in the general purpose fund in each district is very similar. Reed uses 70.1 per cent for instructional purposes, and Larkspur, 70.2.

Reed pays a higher salary for a beginning teacher, ($4,800 per year, compared with $4,500 in Larkspur) but this becomes equal in the fourth year of experience, and in nine years, Larkspur pays more ($6,900 compared with $6,400 for Reed).

Larkspur has a maximum of $9,000 atfer 12 years, and Reed a maximum of $8,225 after 13 years.

Both districts offer bus transportation only at specifically scheduled times, making after-school activities a problem in terms of transportation, the report notes. Reed has higher transportation costs because of breater distance to schools.

Members of the school boundary study committee are Norville, who lives at 126 Granada Drive, Mrs. David Storm of 85 Granada Drive and Curtis Kamai of 33 El Camino.

BUYING A HOME?

Have you checked on taxes and assessments you'd have to pay on the homes you've lookd at? These costs vary, you know, according to the property itself and the neighborhood in which it's located. And it's important to know about such costs when it comes to figuring the annual expenses of a certain piece of property, but you may have forgotten to ask about them.

There are so many details to think about when buying a home and that's where your REALTOR is such a big help. He knows the things you should check on to make sure you get exactly what you want in a home, and at a price you can afford.

INCOME TAX FACTS

Formula For Deducting Non-Business Interest

By PETER J. WIKEL, CPA

Interest, not in connection with your business or rental income, is deductible only if you report on long form 1040 or 1040-W and itemize your deductions.

Peter J. Wikel

Carrying charges not in connection with your business or rental income can be deducted as interest as follows:

The deduction is computed by taking 6 per cent of the sum of unpaid balances under the contract at the beginning of each month in the taxable year and dividing by 12.

In other words, take the amounts you owed at the first of each month and add them up. Then take 6 per cent of this figure and divide that by 12 to get your deduction.

Some interest is not deductible and that is interest paid on money borrowed to purchase wholly tax exempt securities; single premium life insurance or endowment contracts; interest paid where you are not legally liable for the payment; and interest added to the principal of a life insurance loan.

In computing the amount of interest on your mortgage or other installment contracts you should be sure that you are deducting only interest — not taxes, insurance, etc.

Students receiving highest honors were Nicholas Cochran, Douglas Cole, Jack Edwards, Marshal Enderby, Robert King, Barbara Malcolm, Susan Nutt, Marilyn Noe, Mary Philip, Diane Raby, Joanna Sakovich, Peter Thon, Kathleen Twohill, Susan West, Virginia Willmer and Webster Wilson Jr.

Postman Receives Performance Award

Mill Valley postman Jean A. Wegscheider has received a Post Office Department superior accomplishment award for his "sustained superior performance" during 10 years' service with the Mill Valley post office.

He received a lapel pin and a check for $75.

Wegscheider, who lives at 3 Manor Terrace, was recommended for the award by retired postmaster John E. McSweeney. He is credited with the "memory of delivery stations of 21,000 patrons."

Cast Selected For Next Play In Sausalito

Delia Slade of Essex, England, will play the lead role of Sally Bowles in the production of "I Am a Camera" which opens March 24 at the Sausalito Little Theater.

The role, created by Julie Harris in the broadway and film show, depicts a fancy free English girl in pre-war Berlin.

Mrs. Slade's experience in England includes raido and television appearances in both dramatic and choral productions and leading roles with the Parkonians Drama Society. She recently worked with the Madison (Wis.) Players and the Westgate Summer Theater in Southern California and is now a San Francisco resident.

Also featured in the cast is Herbert Beckman, owner of Sausalito's Tides Book Store. He plays the role of Christopher Isherwood, whose "Berlin Stories" serve as a base for the play.

Merle McDill, James L. McLaughlin, Lynne Arden, Bunty Mordant and Michael Bry comprise the rest of the cast. "Camera" is directed by Vincent Porcaro and is scheduled to run five weekends on Fridays and Saturdays.

Spaniards began to settle Venezuela and develop its agricultural resources in the 16th Century.

Marin people in business:

Belvedere resident James S. Crawford has been appointed director of a newly created public relations division for Runyon and Co., San Francisco advertising firm.

Crawford originally came to Marin County in 1946 as civilian press relations adviser for the late H. H. (Hap) Arnold, commanding general at Hamilton Field. Later he was publicity director for the University of San Francisco and for the past 10 years has been regional manager in public relations for United Air Lines in San Francisco.

He is a vice president and public relations director for the Belvedere Property Owners Assn.

A NOTE from Alex Johnston of Sausalito, who owns Jaxon Engineering Specialties in San Francisco, says he has been appointed exclusive distributor in Northern California for industrial cleaning compounds manufactured by Gamlen Chemical Co., South San Francisco. Johnston says he is now able to furnish the manufacturing, processing, automotive, aviation and marine fields economical maintenance, overhaul and repair service for equipment and machinery.

JULES BECKER of Ross, partner in Becker and Mueller, San Francisco public relations and advertising agency, will participate in a discussion at the 37th annual National Photographic Convention March 12—16 in Philadelphia. He will stress the public relations aspect of selling photo finishing services to the consumer. A guest speaker for the discussion will be James T. Doty, president of Bear Photo Service in San Francisco, which recently purchased Hallmark Photo of Fairfax.

SIMPLIFIED TAX RECORDS, INC., has announced that Stanley J. Mitchell, 9 Barker Avenue, Fairfax, has been appointed Marin representative for its income tax and business management advisory service. He has replaced James L. Oeland of Novato, who has returned to his studies to qualify for teaching in secondary schools.

The firm specializes in service to small business and independent professional men, ordinarily available only to large corporations.

BILL FARMER, who was an appliance serviceman with North Bay Electric works for six years, has gone into business for himself. In addition to repairs on ranges, washing machines, dishwashers, disposals and dryers, Farmer has a six-month preventative maintenance program. Bill's Appliance Service, he calls it, at 95 Dominga Avenue, Fairfax.

ANN J. SMITH, formerly with Warnick Realty Co. in Sausalito, has been appointed sales director for the Royal Towers, 24-story Russian Hill cooperative apartment building to be constructed on the site of the historic Hiram Johnson mansion at Taylor and Green Streets in San Francisco.

MOTORCRAFT: Willys Motors president S. A. Girard denies the company will merge or sell its business to American Motors Corp., but admits they are discussing a joint engine facility in Mexico . . . Studebaker-Packard Corp. is following the trend and will install front and rear seat belt fasteners on cars later this year; 1962 Larks will have them as standard equipment . . . B. F. Goodrich Co. will reduce the number of tires overloaded dealers must carry in stock. It has already eliminated 39 categories and expects to drop more . . . United States Rubber claims premium tires are not confined to the high income group but divided equally between high and low income buyers.

Public Would Be On Books Group

SACRAMENTO (AP)—Legislation to require appointment of public members to the commission which selects textbooks for California public schools was passed unanimously by the Assembly Friday.

The bill by Assemblyman Gordon H. Winton Jr., shifts the appointing power from the state superintendent of public instruction to the Board of Education.

It requires appointment of laymen and removes the requirement that five professional educators be named to the 10-member board.

We'll Bury You!"

says NIKITA KHRUSHCHEV

This is the language of fear. 79 million people on the brink of Communism hear it every day. These are the people in the Iron Curtain countries bordering Soviet Russia.

"We'll bury you," Khrushchev says to the Free World . . . and Europe listens . . . and wonders. Who will answer this communist lie? Who will take up the challenge? *You can* by supporting RADIO FREE EUROPE.

RADIO FREE EUROPE is a privately sponsored organization that depends upon individual Americans like yourself for its very existence. RFE broadcasts the truth to the millions behind the Iron Curtain awaiting the Free World's answer.

Preview Look At Theme Of Fair Slated

Exhibitors at the 1961 Marin Art and Garden Fair will be honored in the French manner Thursday at the Art and Garden Center temporary fairgrounds for a preview look at the "esprit de France" theme of the show.

The fair executive committee, host of the event, will transform the Caroline S. Livermore room in the Northgate building at the Center in Ross into a "restaurant Francaise" for a luncheon featuring coq au vin and its Gallic complements.

Marcelle B. McCoy of Sleepy Hollow, fair manager, and Henry H. Cole of Terra Linda, fair designer, will present the format of this year's event, scheduled June 30—July 4. A tour of the grounds will follow the luncheon.

In addition to the nurserymen and landscape men and women invited, Jerry Mathis of San Rafael and of the Ross Valley Players will tell of the Players' plans for a French outdoor restaurant this summer.

Kamma Zethraus of Kentfield, chairman of the Marin Society of Artists' "art-in-action" displays, will present plans of the artists to create a Montmarte and a "left bank" atmosphere at the fair.

Others at the luncheon will be Michel Sciama, cultural attache of the French consulate in San Francisco; Ruben Pacheco, Air France representative; Claude Reboul of the San Francisco French colony and a representative of the Northgate Antique Shop.

Drunken Drivers Given Fines

Two men drew fines and probation in Marin Municipal Court Friday for their first drunken driving offenses.

Judge Harold J. Haley sentenced Emerick Carl Wolf, 58, of San Francisco for driving while intoxicated in Corte Madera on Feb. 11. Wolf must pay $210 fine and for the next 90 days, drive only for work between 6 a.m. and 9 p.m.

William Baker Sharp, 34, a Redwood City musician, was ordered to pay $184 fine and drive only for work for the next 90 days.

Both men are no six months probation.

2 Kentfield Girls To Serve At U.S. Embassy In Paris

Two Kentfield girls will leave for France this month as new employees of the State Department's foreign service staff.

Gail Miron, daughter of Mr. and Mrs. Fabien Miron of 100 McAllister Avenue, and Gloria Krause, daughter of Mr. and Mrs. Charles A. Krause of 13 Broadway, will serve a two-year tour of duty at the American Embassy in Paris.

Both girls are graduates of Marin Catholic High School. A little more than a year ago they qualified for secretarial positions with the Foreign Service.

Since last fall they have been training in the State Department, Miss Miron in the Division of Language Services and Miss Krause in the Division of Communications Services.

Miss Krause arrived home in Kentfield Saturday for a brief visit. She sails March 14. Miss Miron, who was in Kentfield at Christmas, will sail March 22.

A graduate of Munson's School for Private Secretaries, Miss Miron also has attended the College of Marin and was formerly employed by United States Steel Corp. in San Francisco.

Miss Krause formerly worked for the Internal Revenue Service in San Rafael.

Insurance Man

Dr. Theodore A. Gill, president of the San Francisco Theological Seminary in San Anselmo, has been elected to the board of directors of Ministers Life and Casualty Union, a company spokesman announced. The organization insures ministers, priests, rabbis and others in full-time religious work.

12% Fail To Do Minimum College Work

A study of fulltime College of Marin students during the 1959-60 school year has revealed that 95 students—or 12 per cent of the student body—failed to maintain minimum levels of satisfactory college work, it was announced today by Dr. Stephen E. Epler, director of the college.

Comparable statistics on a state level indicate that 19 per cent, or about 20,000 junior college students, were on probation, Epler said. There are approximately 100,000 students enrolled in California junior colleges.

Each junior college may set its own individual standards as long as they are above 1.5 grade points. Minimum satisfactory scholarship at College of Marin calls for semester average of at least 1.75. Because each college has this flexibility, direct comparisons between one college and the state as a whole cannot really be accurate, Epler said.

College of Marin students who fail to maintain a 1.75 average for two successive semesters are automatically dismissed. An average below 1.0 leads to automatic dismissal in any semester.

Only fulltime students carrying 12 or more units per semester were studied, Epler said.

Circling the globe, the nuclear-powered USS Triton logged 30,572 miles in 60 days, 21 hours, entirely submerged.

Wholesale Meat Firm Opens San Rafael Plant

Marin Meat Co., a new wholesale jobbing plant specializing in choice grades of meat for restaurants, has opened at 50 Bay Street, San Rafael.

The firm is a partnership of William S. Ward, John Mangini and Robert S. Schenone, all of whom have been active in various phases of the meat industry for many years.

Ward, a former San Anselmo resident, has been a food purchasing agent for the Federal government. He has recently been living in Salinas but expects to move his family back to Marin County soon.

Mangini, at one time a butcher, is better known in Marin as proprietor of the Cellars Bar and Restaurant in San Rafael, which he is continuing to operate. He is a resident of Bayside Acres.

Schenone, a Marin County construction man, is also a rancher in Livermore. He is a descendent of the old Livermore family and has his home at 143 Jewell Street, San Rafael.

The plant is located in the building formerly occupied by Tempting Foods, Inc., which was liquidated about six months ago.

The premises, although well equipped with walk-in boxes and freezers, are being remodeled and prepared for additional refrigeration. The new owners have already installed equipment for making meat patties supplied to restaurants.

The firm is being managed by Mario Colombo, 267 Mountain View Avenue, San Rafael, a former partner in the Mission City Meat Co. and original owner of Mario's Fish, Poultry and Meat Market at 1709 Fourth Street, San Rafael, which he sold three years ago.

Colombo said Marin Meat Co. is now the only wholesale meat jobber in the county. While primarily a restaurant supplier, it will later do packaging and freezing for home consumers.

Two presidents of the United States identified themselves as "farmers," William H. Harrison and Harry S. Truman.

Cadillac

It gives a man confidence!

Every Cadillac owner reading this advertisement will know what we're talking about.

For difficult as it is to describe, there is a measure of self-assurance that comes with driving a new Cadillac that is very real indeed.

It derives, we believe, from several basic considerations of Cadillac ownership.

First of all—to be sure—a man's Cadillac serves as a constant and personal reminder of what he has been able to make of his years.

And then too, he can't help but be aware of the respect and admiration his Cadillac engenders. Wherever he travels, it is recognized as the logical reward for achievement ...and a reflection of his taste and judgement.

And finally, a journey at the wheel of a Cadillac constitutes the perfect respite from the workaday world.

Beautiful, gracious, substantial—spacious, silent, obedient—it delivers a man at his destination relaxed in body and refreshed in spirit even after a full day's drive.

Have you considered putting *your* best foot forward—and into a new 1961 Cadillac?

Well, this should surely be the year to make the move. There has never before been a Cadillac to rival this one—for beauty, for performance, for luxury, for craftsmanship, or for sheer and long-lasting soundness of investment.

Your authorized dealer has the facts and the figures—and the car—to prove it.

You ought to give him a hearing soon!

INCOME TAX FACTS

Formula For Deducting Non-Business Interest

By PETER J. WIKEL, CPA

Interest, not in connection with your business or rental income, is deductible only if you report on long form 1040 or 1040-W and itemize your deductions.

Carrying charges not in connection with your business or rental income can be deducted as interest as follows:

Peter J. Wikel

The deduction is computed by taking 6 per cent of the sum of unpaid balances under the contract at the beginning of each month in the taxable year and dividing by 12.

In other words, take the amounts you owed at the first of each month and add them up. Then take 6 per cent of this figure and divide that by 12 to get your deduction.

Some interest is not deductible and that is interest paid on money borrowed to purchase wholly tax exempt securities; single premium life insurance or endowment contracts; interest paid where you are not legally liable for the payment; and interest added to the principal of a life insurance loan.

In computing the amount of interest on your mortgage or other installment contracts you should be sure that you are deducting only interest — not taxes, insurance, etc.

SACRAMENTO (AP)—Legislation to require appointment of public members to the commission which selects textbooks for California public schools was passed unanimously by the Assembly Friday.

The bill by Assemblyman Gordon H. Winton Jr., shifts the appointing power from the state superintendent of public instruction to the Board of Education.

It requires appointment of laymen and removes the requirement that five professional educators be named to the 10-member board.

We'll Bury You!"

says NIKITA KHRUSHCHEV

This is the language of fear. 79 million people on the brink of Communism hear it every day. These are the people in the Iron Curtain countries bordering Soviet Russia.

12% Fail To Do Minimum College Work

A study of fulltime College of Marin students during the 1959-60 school year has revealed that 95 students—or 12 per cent of the student body—failed to maintain minimum levels of satisfactory college work, it was announced today by Dr. Stephen E. Epler, director of the college.

Comparable statistics on a state level indicate that 19 per cent, or about 20,000 junior college students, were on probation, Epler said. There are approximately 100,000 students enrolled in California junior colleges.

Each junior college may set its own individual standards as long as they are above 1.5 grade points. Minimum satisfactory scholarship at College of Marin calls for semester average of at least 1.75. Because each college has this flexibility, direct comparisons between one college and the state as a whole cannot really be accurate, Epler said.

College of Marin students who fail to maintain a 1.75 average for two successive semesters are automatically dismissed. An average below 1.0 leads to automatic dismissal in any semester.

Only fulltime students carrying 12 or more units per semester were studied, Epler said.

Wholesale Meat Firm Opens San Rafael Plant

Marin Meat Co., a new wholesale jobbing plant specializing in choice grades of meat for restaurants, has opened at 50 Bay Street, San Rafael.

The firm is a partnership of William S. Ward, John Mangini and Robert S. Schenone, all of whom have been active in various phases of the meat industry for many years.

Ward, a former San Anselmo resident, has been a food purchasing agent for the Federal government. He has recently been living in Salinas but expects to move his family back to Marin County soon.

Mangini, at one time a butcher, is better known in Marin as proprietor of the Cellars Bar and Restaurant in San Rafael, which he is continuing to operate. He is a resident of Bayside Acres.

Schenone, a Marin County construction man, is also a rancher in Livermore. He is a descendent of the old Livermore family and has his home at 143 Jewell Street, San Rafael.

The plant is located in the building formerly occupied by Tempting Foods, Inc., which was liquidated about six months ago.

The premises, although well equipped with walk-in boxes and freezers, are being remodeled and prepared for additional refrigeration. The new owners have already installed equipment for making meat patties supplied to restaurants.

The firm is being managed by Mario Colombo, 267 Mountain View Avenue, San Rafael, a former partner in the Mission City Meat Co. and original owner of Mario's Fish, Poultry and Meat Market at 1709 Fourth Street, San Rafael, which he sold three years ago.

Colombo said Marin Meat Co. is now the only wholesale meat jobber in the county. While primarily a restaurant supplier, it will later do packaging and freezing for home consumers.

Cadillac

It gives a man confidence!

Every Cadillac owner reading this advertisement will know what we're talking about.

For difficult as it is to describe, there is a measure of self-assurance that comes with driving a new Cadillac that is very real indeed.

It derives, we believe, from several basic considerations of Cadillac ownership.

First of all—to be sure—a man's Cadillac serves as a constant and personal reminder of what he has been able to make of his years.

And then too, he can't help but be aware of the respect and admiration his Cadillac engenders. Wherever he travels, it is recognized as the logical reward for achievement ...and a reflection of his taste and judgement.

And finally, a journey at the wheel of a Cadillac constitutes the perfect respite from the workaday world.

Beautiful, gracious, substantial—spacious, silent, obedient—it delivers a man at his destination relaxed in body and refreshed in spirit even after a full day's drive.

Have you considered putting *your* best foot forward—and into a new 1961 Cadillac?

Well, this should surely be the year to make the move. There has never before been a Cadillac to rival this one—for beauty, for performance, for luxury, for craftsmanship, or for sheer and long-lasting soundness of investment.

Your authorized dealer has the facts and the figures—and the car—to prove it.

You ought to give him a hearing soon!
